Murder charge is filed

Hubert David Richmond, 17, also known as Dave Richmond, 2137 Cleveland Blvd., was taken before Associate Judge Clayton Williams Tuesday afternoon and charged with murder, arson and burglary in connection with the death of Miss Theresa Kichler, 78, of 2217 Grand Ave.

Miss Kichler was found dead in her burning home at 4:45 a.m. Saturday, Aug. 28.

An autopsy confirmed that Miss Kichler's death was caused by smoke inhalation after she had been struck at least five times on the head with a blunt object and fires were started in two places in the dwelling. Her skull had been fractured by the blows, the autopsy revealed.

Judge Williams refused to set bond for Richmond, who was first held in custody at Granite City police headquarters and was taken at 9:10 last night to the Madison County Jail.

Police Captain William Condis, chief of detectives for Granite City, said the department received a "brand new lead" Monday afternoon and the information led to a search for Richmond.

The new information came partially from "people wanting to help and also from other things," Capt. Condis said.

Detectives Don Knight and Anthony Eck were patrolling an area where Richmond reportedly had acquaintances at 6 p.m. Monday. They spotted the suspect in the 2200 block of Lee Avenue.

When Richmond observed the officers he ran, and the two detectives chased him on foot through the area, returning to the same block they had started their pursuit before capturing him.

Twelve full-time investigators from the St. Louis Metropolitan Area Major Case Squad, plus local police officers, had worked around-the-clock since Miss Kichler's body was discovered by firemen early Aug. 28.

The elite squad, consisting of criminal experts from many area police departments, was summoned by local authorities when it was difficult to determine where entry was gained into the dwelling, due to the need of firefighters to break into the house, plus other factors.

The major case squad, which is part in an investigation usually is terminated after a five-day period, remained on the case until noon Saturday, Sept. 4.

Despite a "lot of hard work" and around-the-clock investigation, no concrete leads were uncovered during this period.

On Saturday, Sept. 4, Granite City officers returned to the Kichler home, which had been sealed during the investigation, and once again began sifting through various items.

The search for new clues continued all day Monday and additional apparent evidence was uncovered, which was forwarded to the state crime laboratory for processing, Capt. Condis said.

(Continued on Page 4)

SUCCESSFUL INVESTIGATION by Granite City police in the Aug. 28 murder of a 78-year-old Grand Avenue woman. Pausing momentarily in their evaluation of evidence and reports Wednesday are, left to right, Lt. Col. George Teller, Chief Ronald J. Veizer and Capt. William Condis, chief of detectives. Favorable vote on lock, dam

A subcommittee of the U.S. Senate Public Works Committee approved by an 81-1 vote Wednesday the proposed construction of a new lock and dam on the Mississippi River two miles south of the present Alton Locks and Dam 26.

Replacement has been urged due to the age and condition of the present Alton locks, where river traffic often is delayed. Railroad and two environmental groups have filed suit in an effort to block the project.

The subcommittee also adopted a proposal to charge large owners user fees as a way of eventually recouping half the cost of building and maintaining federal inland waterways.

A closer vote is anticipated when the full committee acts on Tuesday or Wednesday. If the project clears the committee, it would be eligible for Senate consideration this fall.

President Gerald R. Ford has urged approval of legislation to replace the Alton facilities. A U.S. House subcommittee has not yet set specific dates for a two-day hearing on the issue.

The "compromise package" approved yesterday, was introduced by Sen. Peter V. Domenici, New Mexico Republican. It is part of an omnibus water resources development bill.

It would authorize \$391 million to build a single 1,200-foot-long lock and a new dam. Permanent river depth would be designated as nine feet, with 12-foot depth specifically banned.

Federal agencies would be required to make a new series of economic and environmental studies of the long-term impact, possibly leading to later approval of a second new lock.

The longest Alton lock at present is 600 feet, while the longest Granite City locks 27 lock is 1,200 feet.

Third Ward, chairman of the ordinance committee who introduced the levy measure, remarked to council members that "this would indicate we are in pretty good financial shape."

While the new city budget's projected expenditures of \$6,149,884 during the current operating year, and a new dam to make up the difference between the tax levy and expenditures will come from other revenue, including state sales tax allocations, state income tax, motor fuel tax and fees from business licenses and other city operations.

The new tax levy calls for \$360,027 in taxes for the general fund, identical to the same amount that was levied for the

Hold line on school tax

The Granite City Board of Education decided Tuesday night to "hold the line" on school taxes.

It adopted the same 1976 levy of \$8,451.953 proposed a month ago despite Tuesday's board approval of an agreement substantially upgrading faculty pay.

Improving prospects for an increase in state school funding were cited by the board. A special General Assembly session on the topic of school aid began yesterday and will resume next Tuesday.

The levy enacted totals \$5,737,500 for education, same as the amount adopted a year ago, \$843,750 for operations, building and maintenance, same, \$270,000 for transportation, same; \$642,000 for municipal retirement, up \$79,500; and \$968,700 for bonds and interest, up \$6,458.

The \$8,451.953 total is \$85,958 higher than the 1975 levy of \$8,365,995, on which \$8,254,314 was extended. Taxes levied in 1975 for summer 1976 collection are utilized in the July 1976-June 1977 year.

The estimated new school tax rate on each \$100 of assessed valuation is \$3.7555, up 2.65 cents. A breakdown shows \$2.35 for education, same, 27.5 cents for operations, building and maintenance, same; 12 cents for transportation, same; 28.44 cents for municipal retirement, up 2.99 cents; and 42.61 cents for bonds and interest, down 0.34 cent.

The 1976-77 Granite City community unit district No. 9 budget adopted Tuesday night totals \$23,189,971 and includes

\$19,633,280 for the education fund.

A month ago, before agreement was reached on teacher salaries, the school district had projected \$22,996,282, including \$19,220,291 for education differences in each figure of \$412,989.

Administrators' pay remains to be set. Unchanged from the tentative 1976-77 budget estimates are \$1,186,000 for operations, building and maintenance, \$1,087,000 for bonds and interest, \$682,661 for transportation and \$601,000 for

municipal retirement.

The new final budget figure of \$23,189,971 is \$699,288 greater than the actual 1975-76 budget of \$22,490,683.

Changes from 1975-76 are a \$622,152 budget increase for education, a \$36,375 decrease for operations, building and maintenance, no change on bonds and interest, a \$56,511 boost in transportation costs and a \$37,000 rise in employee retirement allocations.

The board ratified a 1976-77 salary schedule approved Aug. 24 by Local 743, American Federation of Teachers. It was

recommended by Supt. B. J. Davis on the basis of negotiations by school and federation committees.

Teachers with bachelor degrees will receive \$9,300 to \$16,700 annually, depending on whether they are in the first through thirteenth year of teaching.

Those with 150 credit hours of college training will be paid \$9,350 to \$16,950; teachers with 175 credit hours, \$9,800 to \$17,200; and holders of master degrees, \$10,050 to \$17,450.

Master degree recipients with 190 credit hours will be paid \$10,300 to \$17,700.

Mitchell festival

Country and western star Nick Nixon and other attractions will highlight the 17th fall festival of the Mitchell Athletic Club, according to Harry Beckner, president.

The event will begin at 6 p.m. Friday at Greenway Village, located between East Chase of Rocky Road and Interstate 24, with activities continuing on Saturday and Sunday.

Featuring food specialties will include fried chicken, barbecued pork steaks and fried fish.

The Joey James orchestra will provide music for dancing between 8 p.m. and midnight Friday.

A "battle of bands" will be held at 2 p.m. Saturday, and there will be carnival rides at reduced prices in the afternoon.

"Bluesgrass" music is scheduled at 6 p.m. Saturday.

Nixon will present his band and show at 8 p.m. Saturday and again at 7 p.m. Sunday.

Athletic trophy presentations will take place at 1:30 p.m. Sunday to teams participating in the Mitchell Area summer softball and baseball programs.

At 2 p.m. Sunday, the Jerry Green Dance Studio will present a program with the National School of Music then entertaining at 4 p.m.

The Shorold Yount Dance and Baton School will present a program at 3 p.m. Sunday.

Tickets for the rides may be purchased at half price in advance at the Mitchell Tavern, Inn-Between, E & I Quick Shop and Donaldson's Cafe.

On and off the record When you're only No. 8, do tax collectors try harder?

Been paying more taxes and enjoying it less? Take heart. Seven others state have to "bite the bullet" taxwise with even more intensity than in Illinois. On a per capita basis, state and local taxes in Illinois for the 1975 fiscal year amounted to \$755, an increase of 56¢ per person over the per capita figure of \$699 for fiscal 1974, the Taxpayers' Federation of

Illinois said this week.

New York led the pack for fiscal 1975 with a per capita figure of \$1,009, followed in order by: California \$890, Alaska \$880, Hawaii \$886, Massachusetts \$786, Nevada \$771, Minnesota \$768, Illinois \$755, Maryland \$740 and Wisconsin \$737, rounding out the first 10 states.

Weather outlook for this region

Clearing, windy and turning cooler this afternoon with high in the upper 60s. Winds from the north 15 to 25 miles per hour. Clear and cool tonight. Low in upper 40s. Sunny and pleasant Friday; high in low 70s. Chance

Optimism on city housing grant

By HARRY BARNES

Press-Record Staff Writer
Granite City appears to have an excellent chance to obtain more than \$2 million in federal public works funds to build a new city hall and install two major drainage projects, City Council members were told Tuesday night.

A special committee that attended a federal seminar session in Chicago regarding the new Public Works Employment Act — including Mayor Paul Schuler, Fifth Ward Alderman Curtis Blevins and Third Ward Alderman Clyde Boyd — reported to the council that "speed seems to be the primary factor right now."

The city already has prepared preliminary requests for a total of \$2,150,000 in public works grants to build a new city hall at an estimated cost of \$950,000; construct a drainage system for a proposed new roadway from the Namekoi area to downtown Granite City at a cost of \$600,000; and install a new drainage line for the Dobrey Slough area at a cost of approximately \$600,000.

Boyd told the council that after the Granite City delegation informed officials of the U.S. Economic Development Commission that the city has its own land for the city hall project and has plans available, the mayor and the two aldermen were told they should proceed immediately with detailed planning so that the city may file application forms as soon as they become available.

Boyd explained that the grant

program is broken down into three categories, and that the Granite City projects would be considered under Title I. Grants under this category, if approved, provide 100 per cent of the cost, he said.

Boyd said he and the other two officials were told that the program providing \$3.9 billion in public works funds in a move to combat unemployment — at first had scheduled \$75 million for the state of Illinois, but that this figure later was revised to \$64 million.

The level of unemployment in an area seeking public works grants will be a major factor in obtaining grant approval, Boyd related, but explained that other factors also will be important.

"One of these is expediting the projects," Boyd noted. "The ones first in line with most of the work done on their projects, and who meet the unemployment criteria, will be the ones who stand the best chance for a part of this money," he added.

Boyd noted also that computation of unemployment percentages may be based on the metropolitan area as a whole and not restricted to the Granite City area.

Blevins told the aldermen that federal officials "impressed upon us the need to prepare plans and designs, and to obtain accurate cost figures, as no overrun will be permitted in grant allocations. If we spend more than we estimate, the cost for the overrun would be borne by the aldermen."

The aldermen reiterated Boyd's suggestions that the city

(Continued on Page 4)

Transportation also controversial in past

(Third of a Bicentennial year Press-Record series)

"Transportation is much in the news here this summer due to such issues as bi-state airport rivalry and railroad opposition to waterway improvements.

Transportation also was the topic of many lively discussions in this region 130 to 140 years ago.

The United States experienced a tremendous speculative boom in the 1830s as private companies and state governments — jealous of New York's success with the Erie Canal — began to construct a great network of canals and railroads, turnpikes and bridges, to be paid for by the wealth they would create.

Illinois Governor Duncan explained a major advantage of building a comprehensive transportation system over the unpopulated Illinois prairie to the legislature in 1834.

"Our state is comparatively in its infancy. If roads, trackways, railroads and canals are now laid out, they can be made straight between most of the important points, with very little expense and difficulty, compared with what will result if their location is postponed until lands increase in value,

and settlements are formed on the roads which are now in use or daily making."

In the midst of this general optimism, the Tenth General Assembly of Illinois met, including in its membership Abraham Lincoln, Stephen A. Douglas, six future United States senators, several governors, congressmen and other prominent state officers.

This body voted overwhelmingly to support internal improvements schemes which would cost more than \$10 million, considerably more than the state's ability to finance completely out of the treasury.

It was called the Internal Improvements Act of 1837.

The largest project was to be a \$3,500,000 Illinois Central Railroad from Cairo to Galena, leaving Chicago, still an insignificant town, as its terminus.

It was hoped that this road would form the backbone of a \$3,500,000 Illinois Central system of the trade away from the Mississippi River and from St. Louis to the ultimate benefit of Central Illinois farmers.

Crossing the proposed Illinois Central were to be two major east-west railways: the Northern Cross connecting Danville, Springfield and Quincy, (Continued on Page 24)

City tax stable

A 1976 tax levy of \$2,312,493 on which tax bills will be based next summer was approved by the Granite City Council Tuesday night in what finance officials said was an effort to keep the city's tax rate at or below its present level.

The new levy is only \$34,126 above the 1975 levy of \$2,278,367 on which taxes now are being collected.

Alderman Ronald Coleman of the Seventh Ward, chairman of the council's finance committee, told the meeting that the new levy is not expected to result in any increase in the city's present tax rate.

Tax bills are being collected this year on a rate of \$1.361 per \$100 assessed valuation.

Third Ward, chairman of the ordinance committee who introduced the levy measure, remarked to council members that "this would indicate we are in pretty good financial shape."

While the new city budget's projected expenditures of \$6,149,884 during the current operating year, and a new dam to make up the difference between the tax levy and expenditures will come from other revenue, including state sales tax allocations, state income tax, motor fuel tax and fees from business licenses and other city operations.

The new tax levy calls for \$360,027 in taxes for the general fund, identical to the same amount that was levied for the

general fund account last year.

The levy for payment of bond principal and interest is set at \$154,122. Other items include a tax levy of \$282,520 for the police department, the same as last year's levy, and \$277,520 for the fire department, down \$6 from last year's levy of \$277,526.

Other items levied, with last year's figures in parenthesis, included: street department, \$195,013 (same); municipal retirement fund, \$95,506 (same); sanitation fund, \$27,620 (same); sewer maintenance, \$82,506 (same); civil defense, \$10,725 (same); firemen's pensions, \$144,466 (same); police pensions, \$101,007 (same), and the public library, \$234,500 (\$250,918).

Sewer foes are ossified

County Board's sewer committee is endeavoring to qualify the county for grant funds that might meet the local share of the sewer cost.

Namekoi Township Supervisor Louis Whitsell on Tuesday called on residents not to be misled by circulars and other activities of sewer foes.

Pontoon Beach Mayor Floyd David Moss also spoke out this week against the circulars and cited community health factors that led to the sewer planning. Grant prospects were reviewed Tuesday afternoon

at a committee meeting attended by Whitsell, Venice Township Supervisor Charles Pashoff, County Board Member Homer Boettman, and Chouteau Township Supervisor Walter "Dick" Sparks, chairman.

Conferring with Engineer Edward Janssen, the committee discussed the progress of the project and authorized payment of planning and engineering costs forwarded from the Illinois Environmental Protection Agency after (Continued on Page 24)

ROUNDUP PATCH which will be awarded to any local cub or Boy Scout who invites a new member to join the scouting program during the fall months. New recruits and their parents will be invited to individual "school night" for scouting planned at area schools, according to Mrs. Pat Foote, chairman of the project.

Boy Scout recruitment program is announced

Pointing out that scouting and cub scouting provide a type of training for boys from eight through 17 that is difficult in other kinds of youth activities, Pat Foote, school night chairman of the Cahokia Mound Council, Boy Scouts of America, reports that from September through December those involved in scouting are going to make an all out effort to invite all boys 8-17 to have the opportunity to join the scouting program.

"Many boys are not in the scouting program just because they have not been asked according to William Monical, scout executive. Therefore, all scouts in the area are involved in a planned program to do our best to 'ask' boys to join us. First we have the cooperation of all schools in the area to assist in running a boy fact survey to locate those interested and then to have the cub scout packs and scout troops to conduct a special 'School Night' for those boys

and parents interested. Sept. 16 will be the main night for all schools for the School Night, but the boys will receive flyers in all schools to remind them of the day and if it has been scheduled at a different time. Monical added. The Boy Scouts will give a special roundup patch to all new members and to the boy who invited prospective scout to join the program. As a further incentive they will also receive a "Be our Guest" card for a hamburger and Dr. Pepper at McDonald's. "As part of our council plan to expand the scouting program, more adults are also being invited to give leadership in a variety of ways," Pat Foote said. "There is a tremendous feeling of accomplishment by adults when they work in a youth program like the Boy Scouts of America." For more information contact the local Boy Scout Service Center, 2016 Delmar Ave., at 876-0686, Mrs. Foote added.

American Musical at Third Baptist

On Sunday, Sept. 12, at 10:40 a.m., the Third Baptist Church, 2601 Grand Ave., will be saluting America's Third Century with a performance of "I Love America." The musical written by John W. Peterson and Don Wytzen is in three sections: Patriotism for America, Praise for America and Prayer for America. The Church Choir, The New Creation and The Wind's will comprise the concert group of 38 singing with a taped orchestral accompaniment, while 100 slides of "Americans" are being shown simultaneously with the music.

Included as soloists will be

John Nading, Nick Popilchak, Donna Millikin, Karen Cline, Bonnie Nading and Colleen Fitzgerald.

Also featured is a flag-precussional by the choir while they are singing John Philip Sousa's "The Liberty Bell". Pastor Roy Johnson and Minister of Music John Nading extend an invitation to the community to come and participate in this tribute to America.

McPike fund-raising reception on Sept. 15

Jim McPike, a Democratic nominee for state representative from the 56th District, announced today that he will host a reception Wednesday, Sept. 15, at the Lewis and Clark Restaurant on Highway Three from 7:30 to 9:30 p.m.

The fund-raising event will help retire his primary campaign deficit and raise funds for the fall campaign.

Heading the lists of guests attending to help McPike kick off his fall campaign will be Speaker of the House William A. Redmond. Preparations also are being made with the scheduling office of Lt. Gov. Neil Hartigan to have him appear as the featured speaker, McPike said.

Area legislators planning to attend include Senator Vince DeMunio and Representative John F. Sharp, Democrats from the 49th District, Rep. Harold D. Byers, Democrat from the 55th District, and Sen. Sam Vadalabene and Rep. Joe Lucio, Democrats from the 56th District.

A donation of \$10 is being requested for admission. Free refreshments will be served. Tickets may be purchased at the door.

"We are attempting to hold the cost of this fund-raiser down in an effort not to exclude anyone," said McPike. "It is unfortunate that the cost of a political campaign is so high, but on the other hand it is gratifying to receive a lot of small contributions rather than a few large ones."

"During my primary campaign, I received small contributions from hundreds of people. This provided me a broad and varied base of support."

McPike is a graduate of the U.S. Naval Academy at Annapolis and resides with his wife and three children in Alton. He is employed as a sales engineer by the 3M Company and plans to resign there if he is elected in November in order to serve as a full-time legislator.

Rites conducted for Mrs. Sporic, 56

Funeral services were held at 10 a.m. on Sept. 2 in Manhattan Beach, Calif., for Mrs. Virginia Sporic, 56, of 501 Marine Ave., Manhattan Beach.

She died at 5:45 a.m. on Aug. 30 following an illness of one month.

Survivors include her husband, Joe Sporic, formerly of Granite City; two children, Thomas Sporic of San Francisco and Michele Lesker of Lowell, Ore., and four grandchildren.

Mrs. Sporic also was the sister-in-law of Theresa Barylake, Rudolph Sporic and the late Dorothy Barth, all of Granite City.

Becomes dizzy, hits parked car

Miss Renee E. Sharp, 16, of 320 Center St., sustained a pain in the neck area after the auto she was driving west on Park Lane, near Division Street, in Pontoon Beach, struck a parked car belonging to Frank Honchak, 3940 Park Lane this week.

Miss Sharp suffered a dizzy spell and became unconscious while driving, she told police. She had x-rays taken at St. Elizabeth Hospital and was released.

Nursing home study by labor

President Edwin F. J. Reiske of the Tri-City Trades and Labor Council, AFL-CIO, today announced the launching of a study of nursing homes, regionally and nationally.

Working in conjunction with the national AFL-CIO and other organizations in this area, Community Services Director

Larry Miller will mobilize volunteers with the AFL-CIO Community Services Committee, Pres. Reiske said.

The task force will visit selected nursing homes in this region and evaluate them on the basis of a checklist of standards. The task force hopes to develop a coalition of community groups to actively seek nursing home improvements, bringing problems and survey results to public attention and seeking support for strict enforcement of state laws and local health, fire and building codes.

"We have a real personal interest," Reiske said. "The patients in U.S. nursing homes are members, parents, friends and relatives."

"We expect to find some nursing homes, especially among the non-profit homes, that provide good care through conscientious management. We would be delighted if every home we checked did just that."

"But we are realistic. Nationally, we know there are nursing home operators, medical laboratories, clinics, doctors, medical appliance

salesmen and insurance company executives who are being funded by the Medicare and Medicaid programs and yet reducing care for the elderly, depriving public support for these important programs."

"This must stop. We will do our best to help stop it and improve conditions." In addition to studying nursing home conditions, the Tri-City Trades and Labor Council will survey patients' legal rights.

Results will be compiled into a nationwide report, Leo Perlis, director of the Department of Community Services, AFL-CIO, and head of the national campaign, said.

"We in the AFL-CIO will report to Congress in an attempt to stimulate action by official investigatory bodies," Perlis said. "We want a better life for all those in nursing homes and we are determined to get it."

Tuition deferment

The Student Work and Financial Assistance Office at Edwardsville has announced a tuition and deferment schedule for the fall quarter.

William Burns, associate director, said deferments will be issued on the following dates: Sept. 23, 24, 27, 28, 29, 30 and Oct. 1.

To accommodate students attending night classes at the University, deferments will be issued from 5 until 6:30 p.m. on Sept. 23, 27 and 28.

Students will be unable to obtain deferments if they have any unpaid obligations at the university. Accounts receivable items range from unpaid parking tickets and overdue books to past-due, short-term loans.

Students having verification that they will be receiving financial aid will be able to receive a deferment upon agreeing to pay all accounts receivable debts when they receive their financial aid.

Students wishing to obtain deferment must apply in person at the SWPA office and must present their No. 3 card, according to Burns. Those registering at open registration must also submit their fee assessment cards, he said.

Coin Club show

The monthly coin show and flea market conducted by the Land of Lincoln Coin Club will be held Sunday at the Nameoki Recreation Center, Pontoon Road and Franklin Avenue, from 9 a.m. until 5 p.m. Admission is free. Glassware, dishes, stamps, dolls and coins will be featured.

Granite City, Ill. 62040

SEVEN VARIETIES are tough for anyone to handle, this Girl Scout concludes. The 1976 River Bluffs Council cookie sale is scheduled for Sept. 16-26, with deliveries following on Nov. 9-19.

Cookie sale by scouts to begin

Beginning Thursday, Sept. 16, many homes will find a Girl Scout knocking at their door. This is the time of the annual River Bluffs Council cookie sale.

Girls from this area will be taking orders Sept. 16 through Sept. 26. Each girl will have an order card to show the seven varieties being offered.

In addition to the regular cookies—savannahs, vanilla and chocolate sandwich creams, lemon creams, chocolate mints and scot-teas—chocolate chip cookies and cheddarite crackers will be added to the line.

The price of each item is \$1.25 a box, payable upon delivery of the cookies Nov. 9-19.

The cookie sale is the main financial project for most troops during the year. The girls benefit from all the profits from the sale.

Fifteen cents from each box goes directly to the girls' troop and the remainder of the profit is put into the River Bluffs Council camping program.

"The girls have five camps and camping equipment available to them at no cost."

"The cookie sale makes it possible for the girls to have a much broader Girl Scout program," a spokesman said.

"So, when a Girl Scout knocks on your door, give her your support and place your yearly order."

MOTORCYCLE MISHAP
Robert Price, 20, of 617 Chouteau Ave., Mitchell, suffered abrasions to the forehead and both legs in a motorcycle accident this week. He was treated at St. Elizabeth Hospital, and transferred to Scott Air Force Base Hospital, Belleville.

Senior citizens' recreation at 'Y'

"With a plan to provide a varied recreational program for senior citizens of Granite City, the YMCA has charted plans beginning on Monday, Sept. 13," Harold R. Rudolph, executive director, said today. With a grant from the Southwestern Illinois Area Agency on Aging, the local YMCA has organized a committee of senior citizens that has functioned as a planning group.

The committee members are Vina Law, Elma Hoover, Oscar Ash, Marge Hall, Mae Findlay and the "Y" staff.

Programs will be offered at the YMCA on Monday and Wednesdays from 9:30 a.m. to 3 p.m. regularly, beginning Sept. 13. The activities will include: Cards — club rooms 2:34-3:30 p.m. Monday-Wednesday from 9:30 a.m. to 12 noon.

Checkers, chess, pool — arcade — every Monday-Wednesday 9:30 a.m. to 3 p.m. Swimming pool, every Monday-Wednesday from 11:30 a.m. to 1:30 p.m.

Social dance — auditorium, to be arranged on Monday and Wednesday mornings.

Crafts — craft room, to be offered with instruction, time to be arranged.

Speakers — auditorium, every first and third Wednesday

at 1 p.m. on subjects of special interest to senior citizens — wills and trusts, Social Security, Medicare and Medicaid, etc. Irvin Slate Jr., attorney, will speak on "Wills" at 1 p.m. Wednesday, Sept. 15.

The planning committee also has arranged for trips of interest to senior citizens.

On Friday, Oct. 8, there will be a trip to Gratton's Eckert Orchard for apple picking. Senior Citizens can sign up at the "Y" on any Monday and Wednesday.

Transportation will be provided and a Dutch treat will be available at the Pere Marquette lodge. A second trip, to St. Genevieve, Mo., will be arranged later in the fall.

A third trip, to the Our Lady of the Snows Shrine, will be arranged at Christmas time to see the special light show, Rudolph said.

The planning committee will be meeting monthly to arrange programs, to receive suggestions for additional activities, and offer senior citizens "opportunities to enjoy fun and fellowship."

"The program is offered to senior citizens in cooperation with the YMCA, a United Way agency."

United Way division chairmen confer here

A meeting of division chairmen of the fall 1976 United Way campaign took place yesterday afternoon with Bill H. Terrell, general campaign chairman, presiding. Division chairmen reported on their progress and reviewed potential problems.

Mitchell B. Milonksi, president of the Tri-Cities Area

United Way, was on hand for the meeting and made several suggestions on how any drive problems can be resolved.

Terrell noted that the kickoff breakfast is to be held on Sept. 23. He also reminded the division chairmen of training sessions scheduled for various divisions.

Franklyn Shepard, 78, dies

Franklyn L. Shepard, 78, of 3945 Village Lane, ill for six months, died at 5 p.m. Wednesday at St. Elizabeth Hospital where he had been a patient four weeks.

He was born in Chicago and had resided there until moving to this area four years ago. Mr. Shepard retired as office manager for the Wilson C. Co. Meat Packers of Chicago after 25 years of service.

He was a member of the Methodist faith and belonged to the Shrine in Lansing, Ill. He was a past master of Masonic Lodge 422 and a member of the Scottish Rite Bodies in Chicago.

His wife, Mrs. Marion F. Shepard, died in 1968. Survivors include one son, Willis F. Shepard of Granite

GC course on human relations

Alfred Fleishman, senior partner and past president of Fleishman-Hillard, public relations firm in St. Louis, will teach a course in human relations for special education teachers and other interested teachers and adults on Tuesday evenings from Sept. 14 to Dec. 14.

Location will be the Region 1 Special Education Office, 2801 Madison Ave., Granite City. Hours will be 7 to 8:30.

Arrangements were made through Lindenwood College, and the course will emphasize verbal communications and semantics.

Those considering enrolling are to call the Region 1 Office, 876-4900, by Sept. 13.

Harold Morris dies at 68

Harold D. Morris, 68, of Kimberling City, Mo., formerly of Belleville, husband of Mrs. Betty (Reus) Morris, a former Granite City resident, died at his home at 9:30 a.m. Wednesday.

Mr. Morris retired five years ago as general manager of the St. Louis Terminal Co.

Other than his wife, survivors included three sisters, Mrs. Josephine Meade and Mrs. Eloise Partain, both of Belleville, and Mrs. Zella Wayne Schmidt of St. Louis, and nieces and nephews.

Private funeral services will be held Friday at a Belleville funeral home. Entombment will be at Sunset Hill Mausoleum.

Mrs. Weiss dies at 63

Mrs. Alta E. Weiss, 63, of 307 Clarence St., Collinsville, mother of Mrs. William (Mildred) Mees of Granite City, died at 4:05 p.m. Wednesday at St. Elizabeth Hospital.

She was a member of St. Stephen's Catholic Church, Caseyville. Other survivors include her husband, Edward Weiss; two sons, Otis "Tony" Smith of Collinsville and Robert Whitaker of St. Louis; another daughter, Miss Peggy June Weiss of Collinsville and eight grandchildren.

Arrangements are given in the obituary column.

Sunday School at St. Joseph's opens

The Sunday School for preschool children, ages two to six, will begin at St. Joseph's Church, Sunday. This program will continue throughout the school year every Sunday during the 9:30 a.m. mass, according to Mrs. Andrea Oliver, director.

At the present time there are 24 children enrolled; 12 in the 2-year class, six in the 4-year class, and six in the 5-6 year class.

Any member of the parish who has not yet enrolled his preschool child in one of the classes may bring the child to the school basement (where classes are held) on Sunday at 9:30, or anytime during the school year.

CHILD INJURED

Dawn Benson, 2, of 708 Ashland Ave., Mitchell, was treated at St. Elizabeth Hospital at 4:10 p.m. Wednesday for a cut to the right ankle, and bruise to the lower leg. The youth allegedly was accidentally hit by a car backing out of a driveway.

News notes

Voter registration will be held tomorrow at the American National Bank from 4 to 7 p.m., and Saturday at Schermer's Market, Madison, from noon to 6 p.m., Schmuck's Crossroads 10 a.m. to 6 p.m., and Eagle Park Improvement Association 10 a.m. to 2 p.m.

Cook County Circuit Judge Raymond Berg yesterday issued an order clearing Michael J. Howlett, Democratic governor nominee, of conflict of interest involving his relationship with a private steel firm while serving as secretary of state. "If a posture of conflict were held to be the standard, all public officials would have been, are or will be in conflict," Burt said in ruling that allegations against Howlett are "erroneous."

Senior citizens will leave by bus from the local YMCA at 1 p.m. tomorrow for Fischer's Restaurant, Belleville, 24 retired senior volunteers from Granite City will receive three-month pins for volunteer service during a 2 p.m. dessert luncheon program.

Chairman Mao Tse-Tung, 82, leader of Communist China, died today.

James S. Williams Jr., 49, was sentenced Tuesday to serve 14 to 50 years in prison for murdering Ramon Heinemeier, 45, an Edwardsville High School senior and coach, May 16, after a benefit dinner at the Knights of Columbus hall near Edwardsville.

Levee district sells building

The East Side Levee and Sanitary District board of trustees, meeting in the district's Granite City offices at 1707 Madison Ave. Wednesday, agreed to sell the district's East St. Louis garage property to the Century Lease and Construction Co. of Mascoutah on a bid of \$12,000.

The Century firm's bid was \$2,000 higher than a \$10,000 offer submitted by Five Star Metals Fabricators and East St. Louis. Board members noted that they agreed to sell the building, formerly the old Key Co. plant at East St. Louis, to Century not only because it was higher bidder, but because it plans to employ 200 persons in manufacture of prefabricated homes.

The Five Star firm would have employed about 30, board members said.

The present three trustees of the board, William "Mike" Hersoldt of Venice, Russell Robinson of Granite City and Jack Scoville of National City, also agreed to attend a meeting in Springfield, Sept. 28 with officials of the Emergency Services and Disaster Agency to review claims and fund grants involved in the district's repair of flood-damaged sewers.

Normal attendance at Madison school

Madison High School was described by Madison officials as having normal attendance was nearly normal following unrest this week stemming from a fight between two students Friday, Sept. 3.

Yesterday, Madison, Venice and Illinois state police and Madison County deputies were at MHS at the beginning of school and after school.

A 16-year-old was arrested Wednesday by a Madison officer after allegedly being told three times to either go to school or go home. He was charged with disobeying an officer.

Attendance Wednesday was described by school officials as about normal.

Several arrests were made Tuesday morning during rock throwing, name calling, and refusal by some students to enter the school building.

The two students accused of being in the fight Friday have been suspended and are awaiting a hearing by the Madison School Board.

"We have to get the 95 percent or more good people together, adults and students, and make sure the few troublemakers know they are not going to disrupt this school," MHS Principal Richard Corbin commented.

"We are going to hold school everyday. We have a few students that can be expelled by the board, under Illinois law, we have to take them back next year and keep taking them back every year until they are 21."

Corbin said several parents have volunteered to help at the school as monitors and are rendering a valuable service. "The recent unrest will be discussed with students, parents and school authorities to air any differences and enlist joint cooperation in providing a good education and school experiences for the students," Corbin said.

Murder

(Continued from Page 1)

Condis advised. Results were not back Wednesday.

At Richmond's brief court appearance Tuesday, Judge Williams advised the youth of the charges against him and his rights under the law. He then refused to allow bond.

Capt. Condis noted when he arrived home Tuesday night he was wearing the same clothing in which he reported to work Monday morning. "Things started to break and we just kept going," he commented.

Other officers assigned to the case also remained on duty, he said.

Earlier, the police captain had appealed to the public to aid the department by reporting any information, no matter how slight.

The information received by the police Monday afternoon was vital to the eventual arrest.

Richmond was taken to St. Elizabeth Hospital at 8:30 p.m. Wednesday for hair and blood sample tests.

Capt. Condis said this is standard procedure in murder cases. "Miss Kichler bled from the blows," he said.

"I'm very optimistic about our chances in this program," Mayor Schuler told the council. "Our attending this seminar is a strong indication that when we need information about state or federal projects that mean money to us, we should go straight to the horse's mouth for information."

"We found out more in the one-day seminar with federal officials than we would have learned in days by going through local contacts," the mayor said.

"We will move along rapidly on this program, as there will be a lot of cities and other agencies after this money. There will be a lot of competition."

Births

Births recorded at St. Elizabeth Hospital.

GIRLS

Mr. and Mrs. Robert Turck Jr., Edwardsville, Sept. 7, Sarah Nicole, eight pounds, two ounces.

Mr. and Mrs. Michael Small, St. Louis, Sept. 7, Michelle, six pounds, nine ounces.

Mr. and Mrs. Robert Anderson, Collinsville, Sept. 7, Jill Elizabeth, seven pounds, six ounces.

BOYS

Mr. and Mrs. Gerald Johnson, 113 Thomas Terry Apts., Brooklyn, Sept. 7, Gerald Jr., five pounds, 13 ounces.

Mr. and Mrs. Charles Venable, St. Louis, Sept. 7, Brian Curtis, eight pounds, eight ounces.

Mr. and Mrs. Elmer Hull, 2944½ West 20th St., Sept. 9, Bradley Lewis, nine pounds, 15 ounces.

Optimism

(Continued from Page 1)

act as rapidly as possible in developing its projects. Applications for grants still are not available, but are being prepared, Bevins noted.

"I'm very optimistic about our chances in this program," Mayor Schuler told the council. "Our attending this seminar is a strong indication that when we need information about state or federal projects that mean money to us, we should go straight to the horse's mouth for information."

"We found out more in the one-day seminar with federal officials than we would have learned in days by going through local contacts," the mayor said.

"We will move along rapidly on this program, as there will be a lot of cities and other agencies after this money. There will be a lot of competition."

Renaissance to perform at 1st Assembly of God

Renaissance, a group of 13 college-age Christian musicians who combine the familiar with the contemporary, will appear in concert at the First Assembly of God Church, 24th Street and Grand Avenue on Wednesday, Sept. 15, at 7 p.m.

The group, directed by Larry Hargrave of Lubbock, Tex., is made up of young people from California, Florida, Texas, Michigan, and Kansas. They first recorded on the Tempo label as the "New Californians." They also have seven Tempo albums under the name of Renaissance, one of which received a Special Merit Award from Billboard Magazine.

Since its beginning, Renaissance has performed more than 600 concerts in the United States, Canada, Europe,

and the Bahamas, Hargrave said.

In addition to their evening concerts, these musicians are active in special daytime presentations including school assemblies and service clubs. Those unique "God and Country" concerts are given in commemoration of the Bicentennial. Some of their concerts have taken place in Disney World, Disneyland, London, and CBS' "Newcomers Show," Hargrave added.

Their variable program includes patriotic numbers, contemporary songs, spirituals and the old hymns selected and arranged by San Diego composer, Otis Skilling. Along with their music, Renaissance is one of the few groups to incorporate a puppet ministry into its

GRANITE CITY PRESS-RECORD
Thurs., Sept. 9, 1976 Page 6

performances. The puppets participate by presenting some humorous musical numbers, and a different view of some familiar Bible truths, according to Hargrave.

According to Webster, the word Renaissance means "revival" or "rebirth." Hargrave noted, adding the "purpose of this group is indeed renaissance, not only in music but in Spirit. Renaissance has one goal; to present the good news of Jesus Christ in such a way that those who hear will be reborn."

The Renaissance concert, sponsored by First Assembly of God Church is free, and the public is invited.

58'ers 4-H Club elect

The 58'ers 4-H Club met last week with Patty Basarich leading the American pledge and Penny Strum leading the 4-H pledge. September birthday greetings were extended to Mrs. Marsha Bushue, co-leader and new members Camie Mercer, Gina Lane, Wendy Sparks, Jeannie Holt, Nancy Dimitroff, Ellen Range, Lisa Hufford, Paula French and Denise Reed were welcomed by Karen Spencer.

Guests included Julie Scannell, Catherine Dimitroff, Nedamias Stanley Strum, Wayne Scannell, Richard Ault, William Dimitroff, Hufford, Robert French, James Griffey, Robert Long and O. M. Duncan

of Mount Vernon, Ind., who was visiting her daughter and family, Mrs. Kenneth Spencer. During the business session election of officers was held and the following girls will be installed at the Oct. 19 meeting at Nameoki United Methodist Church at 7 p.m.: President, Janet Scannell; vice-president, Sue Basarich; secretary, Patty Basarich; treasurer, Karen Spencer; recreation chairman, Shannon Bushue; and refreshment chairman, Gloria Milians.

The members voted to change their monthly meeting to the third Tuesday of each month and to meet at Nameoki United Methodist Church beginning at

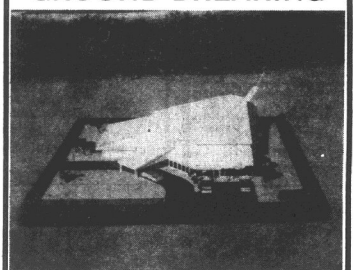

7 p.m. with recreation and the business session will begin at 7:15.

Gloria Milians gave a report of the club tour on Aug. 19 at American Handi-Craft, 13 Crossroads Plaza, and told of some of the various crafts available for members. Kelly Ault reviewed her day at state fair school and showed her water color, which received a B rating at State.

Members volunteered for various committees during the year including Kelly Ault, officer installation; Patty Basarich, 4-H Week poster contest; Sue Basarich, baby layette and shower; Shonn Bushue, Halloween Party; Laura Jenness, local achievement program; Michelle Jenness, Share The Fun; Tracy Johnson, Muscular Dystrophy activities; Dina Long, ways and means; Gloria Milians, Mother's Tea; Janet Scannell, 4-H Week radio program; Lisa Scannell, 4-H Week window display; Karen Spencer, People-To-People program; Cynthia Goeller, health program; Helen Goeller, career program; Dina Lance, safety program and Penny Strum, Christmas Party and caroling.

Projects were explained by the leaders, Mrs. Bushue and Mrs. Joanna Spencer and enrollment cards were distributed. Refreshments of cookies and punch were served by Karen Spencer, Janet Scannell and Gloria Milians. Members mothers are urged to attend with their daughters especially when they are to give a talk or demonstration, the leaders announced.

GROUND BREAKING

City Temple Assembly of God and Rev. A. E. Cope welcomes you to the ground breaking of their new church.

4700 Maryville Road

Sept. 12 at 4:00 P.M.

Rev. Dorich, the District Super-Intendent will be speaking.

HOME IS BURGLARIZED
Leo Huddleston, 2942 Marshall Ave., said that while he was sleeping someone entered his home through an unlocked door, stealing a color television set, a wrist watch and his trousers containing a wallet and \$65 cash. It was reported this week. His trousers were found in a nearby yard.

RESPIRATORY THERAPY STUDENTS at St. Elizabeth Hospital have completed 12 months of training in respiratory therapy techniques and procedures. Upon completion of 12 months' clinical training, they will be eligible to take the National Board for Respiratory Therapy certification. The graduates and their instructors pictured are: Seated (left to

right), Pam McCollum, Barbara Betz, Dianne Waghorn and Judy Sanabria. Standing (left to right), Curtis Jackson, program coordinator, and Leslie Thein, Mary Eberhart, Richard Rastler, Felicia Rober, Sue Harris, Kim Watkins, Beverly Wolfski, Ann Phillips and Mike Range, instructor.

Collects \$31 for MD telethon fund

David Davis, 13, son of Mrs. Betty Davis, 2207 Logan Ave., was among youthful solicitors who collected funds during the weekend for the Jerry Lewis Telethon for Muscular Dystrophy.

Accompanied by two sisters, Mrs. Donna Wells and Mrs. Deborah Holmes, the youngster during two hours Monday collected \$31 which he turned over to the MD fund.

GC Clubs to host benefit horse show

The Tri-City Shrine Club and the Granite City Trailriders Saddle Club will co-host a special Horse Show from 1 to 4 p.m. on Sunday, Sept. 19, at the arena at Rock Road and Highway 151 near the Granite City Army Installation.

Donations will be \$1 for adults. Children under 12 years of age will be admitted free. The entire proceeds will be donated to the Shriner's Hospital, St. Louis Unit, and the Burns Travel Fund, which is used to transport out-patients to the Burns Center in Cincinnati, according to members of the Shrine Club.

Entertainment for the children also will include many clowns from Ainaid Temple entertainment units. Other Ainaid units assisting with the project from the Quad-City area will include the Ainaid Compacts, Rolling Nobles, Oriental Band, Provost Guard Police Unit and the Hospital Unit with its float.

The host clubs report a refreshment stand will be set up at the arena and will feature hamburgers, hot dogs, chili, soft drinks and candy.

Tickets may be purchased in advance at Kelly's Plumbing Co., 2280 State St., from any member of the Trailriders Club and will be available at the gate on the day of the show.

Cyclist injured

Laura Gevers, 21, of St. Louis, was transferred to Christian Northwest Hospital, St. Louis, at her request following treatment at St. Elizabeth Hospital of injuries received when a motorcycle she was on crashed into a ditch this week.

She suffered a laceration to her chin, facial abrasions, pain to her back, a swollen nose and had a tooth knocked out.

BURGLARIZE CAR TRUNK
Kenneth D. Phillips, 1860 Poplar St., reported this week that while his auto was parked at Rowland Lanes, 5050 Nameoki Road, someone punched the lock out of the car's trunk lid and removed a spare tire, assorted tools in a tool box and an eight-track stereo player, all valued at \$380.

Bachelor, master degrees awarded

Degrees were conferred on more than 1,100 graduates during commencement exercises Sept. 2 at Southern Illinois University at Edwardsville. Acting President Andrew J. Kochman conferred the degrees.

Over 600 graduates received bachelor degrees, and there were more than 550 candidates for graduate degrees and specialist certificates.

At the bachelor level, the School of Education had the most candidates for degrees with a total of 186. The School of Business had the second largest graduating class with 127.

There were 98 candidates in the School of Social Sciences, 84 candidates in the School of Fine Arts, 63 in the School of Science and Technology, 32 in the Delinquency Study and Youth Development Center, 18 in the School of Humanities and one in the School of Nursing.

The honorary degree of doctor of music was awarded to Benny Goodman during the commencement ceremonies for contribution to American music. Acting President Kochman presented the degree on behalf of the SIU Board of Trustees.

A specialist degree in secondary education was awarded posthumously to Roger A. Bailey, who died June 30.

Capl. Bailey, an adjunct assistant professor in the SIUE Air Force ROTC program, would have completed all requirements for the degree during the summer quarter.

Col. Samuel R. Ross, commanding officer of the AFROTC detachment at the university, accepted the award on behalf of Capl. Bailey's widow.

Suit opposes decision on new airport

The Missouri-St. Louis Metropolitan Airport Authority announced Tuesday it will ask a federal court to overturn U. S. Transportation Secretary William T. Coleman's decision that a new St. Louis area airport be built in Illinois.

The Missouri Authority, created to "maintain Lambert Airport as the area's primary commercial airport," reached the decision at an executive session Tuesday afternoon. The lawsuit was filed in U.S. District Court at Washington, D.C., on Wednesday.

"The secretary has totally ignored the needs and wishes of the overwhelming majority of Missourians in his announcement to abandon Lambert in favor of a new airport that we insist is not needed," Gail L. Stubbs, administrator of the Missouri authority, said.

GARAGE LOOTED
The unlocked garage at the home of Rose Lisac, 2924 Dale Ave., was entered and a guitar worth \$100, stereo earphones worth \$40 and two tapes were taken, she reported this week.

Michael Grisham attends Naval Preparatory School

Lance Corporal Michael R. Grisham, son of Mr. and Mrs. Ernest Ray Grisham, 82 Shirwin Drive, Arlington Heights, is attending the Naval Academy Preparatory School at Newport, R.I.

Grisham received his appointment through the U. S. Marine Corps.

He was top man in his platoon in recruit training at the Marine Corps Recruit Depot, San Diego, Calif. As the best overall recruit in his platoon, he received a free dress blue uniform and a wrist watch and was meritoriously promoted to Private First Class.

Grisham completed a course of instruction in Air Controlman School and earned the distinction of being honor student of the class having the highest scholastic average.

Grisham was promoted to Lance Corporal meritoriously for earning the Honor Certificate at the U. S. Naval Air Technical Training Center.

A 1975 graduate of Granite City High School North, he was a member of the National Honor Society. At school he lettered in golf and football.

Active in Scouting, Grisham

DEFENSIVE MIGHT bolsters GCHS North for the Steelers' 1976 football season, which opens tomorrow at 7:30 p.m. at Cahokia. In the front, left to right, are Mark Widel, 5-10, 172 pounds, Mike Wright, 5-10 and 213, and James Shemwell, 6-3

Gridiron Steelers to visit Cahokia Friday

Although GCHS North's potential this season as an area football powerhouse is strengthened by 13 seniors on the team, many experienced players will need to be called upon to go both ways — offensive and defensive.

Coach Tom Wyrstek's Steelers visit Cahokia at 7:30 p.m. tomorrow with what appears to be an explosive offensive unit to start the 1976 grid campaign.

With Senior Greg Corey, 6-0 and 175 pounds, in command, those ready to spring out of the backfield at his beckoning include seniors Bruce Jateff, 6-1 and 200, Fred Clay, 6-2 and 167, Leo Pelek, 5-11 and 163, and Joe O'Gara, 5-8 and 165. All were starters on last year's 6-3-1 record squad.

Serving as wide receivers will be Mike Hagnauer, 5-8 and 121, Bruce Wright, 5-9 and 160, Robin Smith, 5-10 and 145, and Mike Simpson, 5-11 and 165, all experienced juniors.

Corey is believed by Wyrstek

to have an even stronger throwing arm now than he did last season, when he connected on 92 of 176 aerials and threw 11 touchdown passes, totaling 1,344 yards on successful passes.

"But this season," says Wyrstek, "we should also have more offensive balance, with a fine ground unit pounding out yardage."

Heading the running will be Jateff, who last season was North's busiest ball carrier, picking up 464 yards of North's 949 total net yards gained rushing.

Clay promises to be a helpful ingredient of the Steeler striking power with his quickness. Pelek in addition to carrying the ball is likely to serve as a wide receiver on occasions. Despite the active pass catching role of since graduated Larry Schleicher and David Kwiatkowski last season, Pelek managed to gather in 13 passes for 215 yards and two touchdowns.

Doing double duty will be O'Gara and Clay, joining Jody Maxfield, 6-1 and 155, and Simpson as defensive ends. Wright and Pelek will serve in the secondary unit along with Smith, Doug Rains, Greg Landis, 5-7 and 135, Tom Gray, 6-0 and 158, and Jateff.

Slated as defensive backs are juniors Hagnauer, Tom Ponder, 5-10 and 153, and sophomore Roberto Cuevas.

Active on the lines, either on defense or offense, are Senior Mark Widel, 5-10 and 172, Junior Mike Wright, 5-10 and 213, Senior James Shemwell, 6-3 and 210, Senior Brian Patton, 5-9 and 189, Senior Steve Pedigo, 5-10 and 212, Junior Jeff Logas, 5-7 and 182, and Junior Kevin Buckingham, 5-9 and 168.

Shemwell will serve as center and Junior John Sands, 5-9 and 160, as an offensive guard. Ready to assist Corey at his position if necessary is Rains, a 5-8 and 165 pound junior.

Jim McKay, starting his third season as coach of the Cahokia Comanches, is confident that his team will provide opponents with tougher competition this year. Since McKay became head coach in 1974, Cahokia had season records of 1-9 and 0-10. Last season, Cahokia played four games here before a teacher strike halted classes and football there, resulting in the Comanches forfeiting many contests.

Now, with 25 seniors on the squad and 14 of them in starting defensive or offensive positions, there is no strike threat and

and 210. Also on on defense, standing from the left, are Jody Maxfield, 6-1 and 155, Keith Atkins, 6-0 and 170, Bruce Jateff, 6-1 and 200, and Joe O'Gara, 5-8 and 165 pounds.

MADISON FOOTBALL prospects will depend this fall on the efforts of such athletes as Quarterback Joe Piechocinski (left), a junior shown holding for a

Hunting safety clinic

Earl Harris, proprietor of Earl's Discount Sporting Store, will host a state-required hunting safety clinic at the First Presbyterian Church of Madison, 1841 Third St., Saturday from 9 a.m. to noon. It will be repeated from 1 to 4 p.m. Saturday.

Harris notes the clinic will be conducted by Robert McCoy, an Illinois State Conservation Department certified instructor.

State law now requires that any prospective hunting license applicant under the age of 17 must produce a hunter safety school certificate before a license will be issued. The law calls for 6-8 hours of instruction. A certificate is issued upon completion of the

clinic and upon successful completion of written examinations. Harris says the sessions, free of charge, will be held at the same times each Saturday for four weeks and will include instruction in proper gun use and safety, safety in the field and basic first-aid. Persons interested in attending the clinic are to register at the start of either session Saturday.

MHS to open season

New Trojan grid Coach Nick Jakich has his Madison High School team together now following a problem earlier this week which hampered practice sessions. Some players were not allowed to work out due to absence from school Tuesday.

Madison opens its 1976 grid season "on the road" at 2 p.m. Saturday against St. Genevieve, Mo., with the Trojans having nearly two complete platoons. Only two players will have to play both offense and defense.

Seniors Duane Bochantin and Prince Giles, Bochantin will see action as a wide receiver and cornerback, and Giles as a split end and middleback.

Calling the signals will be Junior Joe Piechocinski, 6-3 and 175 pounds.

"Piechocinski has earned the spot," says Jakich. "He is familiar with the plays and has a good throwing arm."

Backing him at quarterback will be Bochantin.

Offensively, the Trojans have

much scoring power. Senior Pete Pecurka has two years of varsity experience, and Sophomore James Heard gained more than 1,000 yards rushing last year with the freshman squad as well as seeing some action on the varsity team.

Center is Junior Juan Gardner and guards are Juniors Gary Woodson and Doug Burris, both weighing 170 pounds.

Senior Harold Terrell and Junior Tim Grunderson are at tackle positions, and Tom Jones and Rudy Rangle are tight ends.

Seniors Brian Eaves and Giles will fill the split end positions.

"Bochantin," notes Jakich, "gives the team versatility."

"He was the team's fifth leading rusher last season, carrying the ball 45 times, and on defense he tackled more than 50 opponents."

Jones, 6-1 and 180 pounds, "has good distance for kickoffs and punts, and is accurate in field goal and extra point attempts."

Two players each weighing 220 head the defensive unit — Senior Craig Brown at guard and Sophomore Rich Niehaus at tackle.

Keith Layton, 170 pounds, a sophomore, is a starting tackle. Ends are Robert Booker and Kenny Franklin.

Senior Dale Woodson, 5-10 and 160, will join Bochantin as either linebacker or cornerback, and joining Giles at middleback will be Seniors Mark Bartley, Jeff Thompson and Alfred Crawford.

St. Genevieve is a member of a small Catholic school conference and already has valuable game experience, losing 20-12 during the weekend to Warrenton, Mo.

"They run out of an I formation," says Jakich, "and have two running backs capable of moving the ball, and a wide receiver who is a dangerous runner when he gets his hands on the ball."

12 recovering after surgery

Patients at St. Elizabeth Hospital who have undergone major surgery since Monday:

GEARED FOR BATTLE. Granite City High School South's offensive line is set to help take on St. Louis DeSmet at 2 p.m. Saturday in Missouri to open the Warriors' 1976 football season. From left are Tackle Kevin Wilson, Guard John Bogosian, Center

Danny Stanton, Quarterback Keith Champion behind Stanton, Guard Joe Parente and Tackle Paul Evans.

Warriors open against strong DeSmet eleven

Coach Stan Wojcik's football Warriors will open their 1976 gridiron season across the river Saturday at 2 p.m. at St. Louis DeSmet High School, with Junior Tim Kirksey designated as South's kicker.

"Kirksey will be handling our punting, extra points and field goal kicking," says Wojcik. "He has proved to be accurate and consistent from 25 to 30 yards out."

A soccer-style kicker, Kirksey will be complemented by Senior Paul Evans, who will

handle kickoffs to opponents because of his long-distance power. Evans is also slated to fill a tackle position along with Kevin Wilson on the offensive line.

"With the range Evans has," says Wojcik, "our opponents may have to start their offense with their backs to the wall. And I believe we have a capable defensive unit to hold them there."

The Warriors' defensive unit is basically the same squad which also will have to

spearhead the scoring efforts with the exception of Mark Hartman at guard and Danny Manooogian at end. Quarterback Keith Champion and running backs Cliff Moran and Mike Clark may see action as safeties.

Clark or Tim Anderson, a wide receiver, or Robert Ronney, a fullback, will shoulder cornerback duties. Offensive guards John Bogosian, Joe Parente and Bobby Gauern, all seniors, will join center Danny Stanton as defensive linebacks.

Slated to serve as defensive ends along with Manooogian are Gauern, Dave Thornton and Jay Huebner. Huebner also serves as an offensive tight end along with Thornton.

Defensive tackles are Evans and Wilson. On offense, three athletes are set for wide receiver duties—Juniors Anderson and Brian Meehan and senior Randy Presswood. Presswood, a regular starter for the past two years on the school's cross-country squad, weighs about 145 pounds and is

described as possessing both speed and ability to handle the ball. Senior Dana Wallace will join Ronney at fullback.

Ronney is a converted guard with quickness and agility, and Wallace is fully recovered after having undergone knee surgery. Backing Champion at quarterback is junior Mike Forshee. DeSmet perennially has fielded one of the strongest elevens in the St. Louis region. Although outscored 17-13 by

Southwest in its home opener Sept. 4, DeSmet dominated with 72 plays to the visitors' 32. Coached by Bob Christian, DeSmet had a 16-4 edge in first downs and rolled up 299 of offensive yards to Southwest's 78. Three interceptions of DeSmet Quarterback Jim Klein and two fumble recoveries decided the game. Klein threw for a touchdown to Dave Dollar, but another DeSmet drive was halted a half-foot from the goal. DeSmet was Missouri state runnerup last year in Class 4A football.

FIRST WARRIOR HARRIER to cross the finish line during GCHS North's cross-country invitation meet is GCHS South's Glen Ahlers. Ahlers

finished in 41st position in the annual 21-school event, which was won for a second straight year by Lebanon. South High placed ninth in the meet.

RECORD-BREAKING WIN. Steeler Mike Baker, a junior, crosses the finish line ahead of competing runners during GCHS North's 21-school cross-country meet during the weekend. He traveled the school's 2.85 mile course in 13 minutes, 56 seconds, shattering the

14:10 time set last year by Lebanon's Greg Hogg. Baker returned to competition this week against St. Paul of Highland in a dual meet at North High, again taking individual honors while snapping his weekend record with a new time of 13:48.

Baker busy breaking records

GCHS North harriers placed in eight of the top ten finishing positions on the school's 2.85 mile cross-country course Monday, defeating St. Paul of Highland 20-41.

The meet saw Junior Mike Baker take individual honors and, for a second time in three days, set a new course record. Baker had snapped an old mark of 14:10 Saturday during a 21-school invitational meet here with a time of 13:56, and then this week he posted a new record time of 13:48.

Placing in order behind Baker were Mark Capelle of St. Paul in 14:17, Steelers Greg Stout 14:53, Don Lucy 14:58 and Dave Ebrecht 15:15. St. Paul's Kayser and Steeler Mike Johns, 16:19, Ed Futch 16:31, Royce Meyenburg 16:32 and Kent Monical, 16:52.

East tops South in golf inaugural

GCHS South opened its 1976 golf season at Belleville East on Tuesday, losing to the Lancers 198-227.

Lancer Greg Tyler had an even-par 36. Warrior Greg Mulach posted a 44 score. Herman Schroeder 45 and Al Collins, Benny Brown and Kevin Romine, each 46.

Soccer Cougars in 4-team meet

Bob Guelker, SIUE head soccer coach, will conduct a clinic at Oneonta, N.Y., starting at noon Saturday, in conjunction with the first annual Mayor's Cup Soccer Tournament.

The four schools in the togethery, all national powers in division I NCAA soccer, are the Cougars of SIUE, the Hartwick College Warriors, the Oneonta New York State University Red Dragons and the Bucknell University Bison.

All games will be played at Dutch Damascus field, property of the City of Oneonta. First-round pairings have Bucknell battling Hartwick at 7 p.m. Friday and the Cougars tangling with the host Red Dragons at 9 p.m.

The second night of competition will see the two losers playing at 7 p.m. Saturday and the winners meeting at 9 p.m. for the championship. Following the exhibition tournament, SIUE will open its regular schedule at 3:30 p.m. Tuesday, Sept. 14, against the New York University at Albany team in the Empire State's capital. Then, on Sept. 18, the Cougars will open their home slate against the Akron University Zips.

"Here's to the night nurse at the Sacred Heart, who is always ready to do her part."
"If there were more folks in this world like she, what a wonderful, wonderful world this would be."
—from "The Night Nurse," a poem written on July 4, 1925, by a patient.
When Mary Frances Williams was 16 years old, she wouldn't go near a doctor or a hospital "for love or money." A few years later, she married a physician.

Herself a nurse for 50 years, she now says that no amount of money could convince her to leave her profession today.
"It all began during a summer-walk. I found myself — I can't explain why — going in Sacred Heart Hospital."
"I asked for the Sister in charge of the nurses and said I wanted to be a nurse," Mrs. Williams recalls.
She trained for three years at Sacred Heart Hospital in Eau Claire, Wis., and later supervised the obstetrics unit there

for four or five years. When she was married in 1931, Mrs. Williams entered into private duty, serving with her husband, "a country doctor."
The medical couple, parents of two sons, attended to an area within a 75-mile radius.
During those years, Mrs. Williams recalls, it was not unusual for her to work 30 hours a day. On a couple of occasions, she worked for three consecutive days, 24 hours around the clock. She believes this is one of the reasons she "runs" so well "on four hours' sleep now."
Since accessibility to medical care was poor, Mrs. Williams and her husband often went separate ways answering calls.

"Doctor (her husband) taught me how to deliver a baby. One time I went to a country home at 6 a.m. to help deliver a baby, and returned home that morning to have my own baby at nine," she said.
For the past 14 years, Mrs. Williams has worked in the pediatrics unit at St. Elizabeth Hospital, Granite City. Children, who are often frightened about hospitalization, are best relieved by kindness, guidance and teaching, she believes.
"Use an honest approach. Try to explain things and try to make them (the children)

accept the situation."
"Kids get upset when their parents leave, so one has to convince them that the parents will come back."
In general, nursing has changed tremendously through the years, Mrs. Williams adds.
"More demands of education and increasing amounts of paperwork have practically eliminated the bedside nurse — the greatest kind of nursing."
Nevertheless, Mrs. Williams makes it her business to "get out once in a while to change diapers."
"Being able to take care of the sick and being able to see them get well has been the most rewarding part of my nursing career. I'm lucky that God gave me the grace to carry on with my duties."
With a half-century of nursing behind her, what does Mrs. Williams see herself doing in the next ten years?
"I wish I'd still be working," she says with a smile.

ENGAGED. Miss Debra L. Redding whose parents, Mr. and Mrs. Glen E. Redding of Sorento, former residents, are announcing her engagement to Wade L. Dillard of Granite City. Wedding plans are indefinite at the present time.

Debra Redding is bride-to-be

Mr. and Mrs. Glen E. Redding of Sorento, Ill., formerly of Granite City, are announcing the engagement of their daughter, Miss Debra L. Redding to Wade L. Dillard. The groom-elect is a son of Mr. and Mrs. Donald L. Dillard, 2117 Cheshire Court. He is a graduate of Granite City High School South.
Miss Redding graduated from North High School and is presently attending Missouri Baptist Hospital School of Nursing.
Wedding plans are indefinite at the present time.

Edward Fowlers mark 25 years

Mr. and Mrs. Edward J. Fowler, 2408 Terminal Ave., observed their 25th wedding anniversary with dinner at a restaurant in Grafton, Ill., followed by a surprise family party this week.
The party was held in the home of the honoree's son and daughter-in-law, Mr. and Mrs. Edward K. Fowler, Rural Route Two, Granite City.
During the evening the guests of honor renewed their wedding vows in a ceremony conducted by the Rev. C. Dale Edwards, pastor of the First Assembly of God Church.
A large wedding cake frosted in yellow and silver and topped with the numerals 25 centered the serving table.
Guests were entertained by Mrs. Phyllis Fowler at the piano who accompanied Mrs. Betty Whitsell as she sang a special song to the honorees.
Others present included Tully and Roma Fowler, Mrs. Kathy Hornberger and children, Christopher, Matthew and Sara, Theodore Johannpeter and daughter Carmella.

REV. EDWIN PHILLIPS IS HOSPITAL PATIENT
The Rev. Edwin Phillips, pastor of Sacred Heart of Jesus Polish Catholic Church in Madison, is a patient at St. Elizabeth Hospital.

Bar Auxiliary plans project at courthouse

The Madison County Bar Association Auxiliary held an early September dinner meeting, with 27 members in attendance. It was noted that a Bicentennial quilt, designed and made by the club members, was on display for a full week at the Illinois State Fair.
The Auxiliary is planning a Bicentennial improvement project in the Madison County Courthouse. Mrs. Andreas Matosian is chairman of the project.
The group selected Oct. 17 for a family picnic at Quercus Grove.

Parade to open fall 'Y' soccer Saturday; 720 players aged 6-13

The 1976 fall season of the Tri-Cities Area YMCA Soccer Association will begin for 720 Quad-City area athletes, ages six through 13, with a parade Saturday at 10 a.m.

The parade will start from Namecki Grade School, travel east on Pontoon Road and end at the St. Elizabeth field near Pontoon and Maryville Roads, where the first season contest will begin at 11 a.m.

Leading the 40 teams of players, representing seven divisions of age group competition, will be the GCHS North band and the St. Louis soccer stars mascot, "Superstar". Among those expected to attend pre-game ceremonies at the St. Elizabeth field immediately following the parade, says Art Menendez, association president, are Granite City Mayor Paul Schuler and Superintendent of Granite City Schools B. J. Davis.

The seven divisions are: Pee Wee (ages 6-7), Junior (8-9), Senior (10), Senior A (11-12), Senior B (13-14), Senior C (15-16), and Senior D (17-18).

(11), Junior Midget (12) and Senior Midget (age 13). The athletes will participate during the season at three different playing areas—Steele Fields one and two, Buenger Boulevard; the St. Elizabeth fields, Pontoon and Maryville Roads, and the Mitchell fields near East Chain of Rocks Road. This weekend's schedule follows:

SATURDAY, Sept. 11
Pee Wee Division (St. Elizabeth Field)
Foreman Brick vs. St. Margaret Mary 11 a.m.
Mitchell Bobcats vs. House of Pancakes at noon
Senior A Division (Steele Field 2)
St. Margaret Mary vs. Barnett Post Control 1 p.m.
Mitchell Athletic Club vs. Lombardi Interior 2 p.m.
Junior Midget Division (Steele Field 1)
St. Margaret Mary vs. Jerry Tire Sales 11 a.m.
Mitchell Athletic Club vs. Interurban Water Co. 12:15 p.m.

St. Elizabeth vs. Finley Plating 1:30 p.m.
Senior Midget Division (Steele Field 1)
St. Margaret Mary vs. AAA Bookkeeping 3 p.m.

SUNDAY, Sept. 12
Junior A Division (Steele Field 2)
Mitchell AC vs. St. Elizabeth 1 p.m.
St. John's United Church vs. St. Margaret Mary 2 p.m.
Junior Bantam Division (Steele Field)
Wood River Stars vs. St. Margaret Mary 3 p.m.
St. Elizabeth Blues vs. Rozyski Realty 4 p.m.
Senior Bantam Division (Steele Field)
Corral Liquor vs. VFW Post 1300 at 1 p.m.
St. John's Falcons vs. St. Margaret Mary 2 p.m.
Rutkowski Construction vs. Wood River Comets 3 p.m.
Senior Midget Division (Steele Field)
GC Steel Credit Union vs. St. Elizabeth 4 p.m.

8 champions in late model car title race on Saturday

Eight former track champions will occupy positions Saturday night at Tri-City Speedway for the start of the annual stock car Miller Cup Classic.

The 50-lap season championship race for late model stock cars will take place on the half-mile dirt oval. A Miller Cup 50-lap race for Sportman Cars was held Sept. 4, with Mike Wallace winning.

The sportsman division, following its season championship race last weekend, will conduct a regular racing program this Saturday beginning at 7:30 p.m.

The eight former late model stock car champions are: Russ Wallace of Arnold, Mo., defending Tri-City title; Bill Myers of East Alton, 1975 title; at St. Charles, Mo.; Mike Speedway, Mike Hammerle of St. Charles, 1976 title; at St. Charles Speedway; Jerry Sifford of Imperial, Mo., 1975 title; at Lake Hill Speedway at Valley Park, Mo.,

Len Gittenmeier of St. Charles, Mo., 1974 title; at Tri-City; and Spalding of Pontoon Beach, 1973 title; at Tri-City.

Rod Bailey of Granite City, 1974 sportsman champion; Tri-City; and Johnny Prior of Centralia, 1975 sportsman champion. Wallace, who has yet to win a 50-lap race at Tri-City Speedway, will seek his ninth feature race win of the season in an attempt to stretch his slim point margin, 4,000 to 3,615, over Myers.

In 1975, Wallace won nine main events and placed among the top six in 17 main events enroute to the track title. The 43-year-old racing veteran was runner-up in 1974 to Tri-City title winner Gittenmeier. Three former winners of the season championship race are included in the 24-car field: Spalding 1973, C. C. Corbin of East Alton 1974 and Myers last year. Two Granite City drivers are

among the field of starters—Bill Laycock and Bailey.

A victory sweep of every event in the late model division by any one driver would earn the competitor 350 points, 200 of which are awarded a main event winner.

Wallace and Myers will sit side-by-side on the front row starting position for the race. Lining up behind the two (with points given) will be: How two—Hammerle 3,270, Corbin 2,950; row three—Sifford 2,215, Gittenmeier 1,910.
Row four—Norm Cox 1,845, Kevin Gundaker 1,665; row five—Ralph Knox 1,630, Leroy Rothmeier 1,550; row six—Laycock 1,435, Spalding 1,110.
Row seven—Billy Collins 1,040, Butch McGowan 935; row eight—Bobby Buzell 870, Bailey 855; row nine—Gary Edwards 720, Prior 665; row 10—Charles Munday 605, Willie Johnston 590.
Row 11—Len Garson 575, Rich Brouen 525; and row 12—Rip Welsh 525, Rob Jones 525.

Baker wins Warriors win 2-0 17-school, to remain unbeaten hilly race

Centralia High School today team honors yesterday in a 17-school cross-country invitational hosted by St. Paul of Highland on a 2.75-mile hilly course. Steeler Mike Baker was the individual victor with a time of 14 minutes, 16 seconds.

GCHS North was second with 90 points. Belleville East had 104, East St. Louis 114, O'Fallon 119, GCHS South 181, Collinsville 183, Edwardsville 185, Mascoutah 231, Bethalto 245, Triad 250, Highland 269, East St. Louis Lincoln 331, Salem 351, Wood River 369, Jerseyville 447 and Roxana 561.

Other North high finishers were Greg Stout ninth, Don Lucy 11th, Dave Ebrecht 19th and John Bracamontes 30th. Earning points for South High's Warriors were: Dave Taylor 23rd, Glen Ahlers 27th, Dave Blackwell 32nd, James Dumont 44th and Dave Houston 55th.

County gets \$320,013 in CETA grant

A grant of \$320,013 under the Comprehensive Employment and Training Act (CETA) has been approved to provide supportive services for disabled veterans in the Madison county area, according to Richard C. Gilliland, regional administrator for the U.S. Department of Labor's Employment and Training Administration (ETA).

Gilliland said that the grant was approved by ETA under Title III of CETA. The funds will be administered by the Madison County Consortium, CETA prime sponsor in the area. Title III discretionary funds were allocated to Regional CETA offices to solicit and fund a limited number of proposals that will provide innovative and replicable program models designed to serve special target populations described in CETA.

Man hurt in car-train crash

Joe W. Jackson, 34, of St. Louis was admitted at St. Elizabeth Hospital at 3:40 a.m. today with injuries sustained when the auto he was driving north on 20th Street at the railroad tracks was struck by an Illinois Central Gulf engine.

The train reportedly was traveling about 25 mph at the time of the accident. Both the watchman, Osborn Black of St. Louis, and the train conductor, H. L. Wallace of Bloomington, Ill., told police the crossing gates were down. Jackson said the lights just had begun to flash when he started across the tracks. Jackson was unconscious when the ambulance arrived. He suffered lacerations to the forehead and right elbow and pain in the back. He had x-rays taken.

AUTO ACCIDENT

David J. Perlee, 37, of 2457 St. Clair Ave., was admitted to St. Elizabeth Hospital at 11:06 p.m. Wednesday suffering a two-inch cut to the left side of his head. Madison County Sheriff's deputies said Perlee was eastbound on Highway 162 approximately two and one-half miles east of Route 111 when he apparently fell asleep and his car left the highway.

Warriors win 2-0 17-school, to remain unbeaten hilly race

GCHS South played host to Cahokia before a large crowd yesterday afternoon, blanking the Comanches 2-0 on the Warrior soccer field.

Driver hurt at Nameeki-Lindell

A collision at Nameeki Road and Lindell Boulevard at 1:40 p.m. Tuesday, resulted in injuries to one driver, Mrs. Mary Chasick, 53, of 1825 Bremen Ave. She was admitted for observation at St. Elizabeth Hospital with pain in the neck area, left knee and left side.

The second driver was Countess Houston, 4932 Redwood Lane. He was ticketed for a stop sign violation.

LOOT TRAVEL TRAILER

A travel trailer belonging to Ron Kasley, 2812 National Ave., parked at 3007 Edwardsville Road, was looted of a 12-inch television, worth \$100, and a coffee machine, valued at \$30, the owner reported Tuesday.

Fast pitch meet to open

A sixth annual men's fast pitch softball tournament will be held at Wilson Park's diamond eight—with eight teams participating in the double-elimination competition. The meet will begin Saturday at 1 p.m. and conclude Friday, Sept. 17, at 8:30 p.m. with a championship game.

Teams entered are: Livingston, Ill., the defending tourney champion; Tri-City Maroons, champions in 1972 and 1973; Granite City Eagles; One Hour Cleaners, 1975 runnerup; and Hook's Tavern, Tri-City American Legion Post 113, Davis Funeral Home and Follis Mortuary.

Livingston and Davis open the tourney at 1 p.m. Saturday. Other contests that day include Eagles vs. Hook's at 2:30 p.m., Tri-City Legion vs. Cleaners at 4 p.m. and Maroons vs. Follis at 5:30 p.m.

Two contests are scheduled for Sunday, at 1:30 and 3 p.m. On both Monday and Tuesday, games will be played at 7 and 8:30 p.m. Semifinal contests are set for Wednesday at 7 and 8:30 p.m., and one contest will be played Thursday at 7 p.m.

Local ties aid Norfolk and Western track work

Bill Lovell is a busy man this summer. He has reason to be, for he is the Norfolk and Western Railway regional engineer in charge of one of the largest rehabilitation projects ever undertaken by the Roanoke, Va.-based carrier. Thus far, the three-year, \$25.5 million program is progressing on schedule.

On April 1, NW purchased 120 miles of track and other property in five states from bankrupt transportation companies for \$2.1 million. The major acquisition was the 90-mile line and track rights between Cincinnati, Ohio, and New Castle, Ind. Currently, the track gangs are working in the Campbelltown, Ohio, area.

The carrier's objective in purchasing the New Castle line is to shorten its east-west traffic route up to 130 miles and speed east-west traffic, including transcontinental shipments. To make this possible, however, the entire line, including an existing 15-mile NW branch between New Castle and Muncie, will have to be rebuilt

to main line standards. In recent years, the former Penn Central line served as a little-used 10 miles per hour branch line. Ties now being installed on the New Castle line are being shipped from processing plants at Madison, Ill., Kansas City, Mo., and Glenview, Va.

In order for the NW freight trains to move across the branch line two years from now at speeds up to 50 miles per hour, the railroad will: —Unload and place 2,000 carloads of stone — enough to cover a football field a yard deep — raising the track from four to six inches. This process lifts ties above ground level so they won't stand in water and decay. —Replace 123,000 bad cross ties (one out of every three).

GRANITE CITY PRESS-RECORD

Thurs., Sept. 9, 1976 Page 12

—Lay continuous welded rail along 91 miles of the route, replacing older and less hefty jointed rail. —Completely rebuild all 165 public highway crossings. —Upgrade half of the 78 bridges. —Install modern signals and communications equipment to provide centralized traffic control, which will allow complete control of train traffic from a single dispatching point. Other improvements are planned on existing NW routes to the east and west. —A 40-man work force is installing about 1,000 ties each workday and will complete the tie and ballast work this fall. Another 60 men are doing other work on the line. Although some welded rail will be installed later this year, most of that work will be done during 1977. Work on signal and communications equipment will be completed in 1978. Lovell, who is regional engineer for the NW's Lake Region and maintains his office in Cleveland, believes most of the ties now being replaced were installed around 1940-1945. No heavy maintenance work appears to have been done on the New Castle line since the Central merger eight years ago, he noted. "The day we started this project you couldn't find the track for the weeds and brush. We now have cut back vegetation on the right-of-way 20 feet on each side of the track, making it easier to install about a mile of ties each day."

Shots heard, gun located, man arrested
Larry A. Swift, 24, of 2004 Sixth Street, East Madison, was arrested by Granite City police during the weekend at Federal Aid Route 151 and Niedringhaus Avenue and was charged with unlawful use of a weapon, discharging a firearm in the city and having no firearm owner identification card. Officers on patrol alleged hearing two shots fired in the vicinity of Leyden and Denver Streets and observed a blue auto which had its license plates covered by plastic bags. An auto was stopped at the main gate of the Granite City Army Installation, and the driver was placed under arrest when a .38-caliber pistol allegedly was discovered. Swift also was given traffic citations on driving while a license is suspended and improper display of license plates.

Lewis-Clark 1976 pilgrimage Sept. 18

The eighth annual Lewis and Clark pilgrimage has been scheduled for Saturday, Sept. 18.

The annual historical pilgrimage is open to all youth groups, providing one adult accompanies every ten youths. The event will start at 1 p.m., with registration beginning at noon.

Starting point will be the ship-to-shore radio station north of Interstate 270 near the Chain of Rocks Canal bridge and east of the canal. Directional signs will be posted on Illinois Highway Three to assist in finding the location.

Groups are to bring a United States flag and their organization's flag.

A short program will be held at the Lewis and Clark State Memorial Park to mark the 172nd anniversary of the two explorers' expedition to the Northwest.

The trail, which is open from June 15 through Sept. 30, has national recognition as a historical trail by the Boy Scouts of America.

Near the Lewis and Clark Park is where the famous ex-

plorers assembled, trained and supplied men for their expedition to seek the source of the Missouri River and possibly a passage way to the Pacific Ocean.

At the registration point for the event, parking areas will be provided, with guides to assist. Shuttling of cars will be necessary for those who do not wish to make the return hike.

The length of the hike is three

and a quarter miles one way or six and a half miles both ways. Groups will be allowed to walk only one direction if they wish.

Hot dogs, soda and candy will be on sale or participants may bring their own lunches. There is no drinking water available, so the participants must bring their own.

A multi-colored emblem will be on sale for \$1 marking the event. A souvenir streamer from unit flags will be given to each group leader at the time of registration.

In case of rain, any change of plans will be given to the group leaders at the registration point on the day of the event.

Inquiries about the pilgrimage may be directed to Floyd Jordan Jr., 200 Warsaw Lane, phone 831-2897.

GC hires new teachers

The Granite City Board of Education agreed at a meeting Tuesday night to hire Miss Debra L. Vincent as an art, social study and Spanish teacher at Grigsby Junior High School for one semester only, retroactive to Aug. 25, and to hire Darlene Bazzard for one year only as a kindergarten teacher at Frohardt School for the morning session and at Johnson School during the afternoon.

The board also agreed to hire as extra curricular assignments, Cynthia Blumenstock in charge of cheer leaders at North High School, with Janet Davinroy as assistant, John Brooks as student council counselor at South High School, and Charlotte Charbonnier, assistant with South cheerleaders.

Resignations were accepted with regret from Carol A. Davis, a teacher-aid for oral deaf at Johnson School and Mrs. Mary Jane Fester, extra curricular elementary chorus.

Leaves of absence were granted to Marilyn McMillan a German-English-history teacher at Grigsby Junior High School, and Elmer Miller, a school custodian, and denied a leave of absence to Miss Sharon Smegner.

A request to change a sabbatical leave from enrollment at Southern Illinois University at Carbondale to SIUE was granted to Fred Stille.

Board President Thomas Mofsky presented a plaque to Ed Edwards for his work during the past two years with the Citizens Advisory Committee. Mofsky and B. J. Davis, superintendent of schools, introduced a proposed resolution from the Illinois Association of School Boards in relation to legislation being revised to define "conflict of interest" for school board members, as well as other elected local officials.

The resolution, recommended for consideration by the Resolution Committee, said "Be it resolved that the Illinois Association of School Boards encourage the Illinois General Assembly to create a legislative study commission to study, hold

public hearings, and make recommendations pertaining to possible amendments or reconfiguration of the several Illinois laws relating to conflict of interest of state and local officials. The IASB urges that such commission be comprised of legislators, public members and representatives in the fields of education and state and local government."

The South High School Boosters Club was given approval by the board to install a fence around the soccer and baseball field. The club plans to begin work on Sept. 25 and also was given permission to use the school district's tractor and post hole digger for the project.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

Army veteran joins GC police force

Granite City's newest patrolman is Roger Wayne Hayes, 24, whose appointment to the department was announced this week by Police Chief Ronald J. Veizer.

Hayes was born and reared in Granite City and was graduated in 1960 from Granite City High School South.

He spent five years in the U.S. Army, serving initially as a chemical decontamination specialist and, on a later tour of duty, as a military policeman. He received his discharge from the service in July 1965 at Fort Benjamin Harrison.

Hayes was placed on the police department's eligibility list after successfully passing the required examination in February.

He has been assigned to the patrol division and will serve a 18-month probationary period.

Chief Veizer said starting Monday, the new patrolman will attend a six-week basic course for law enforcement officers at Belleville Area College. The instruction is new part of the required training for the Granite City department.

Hayes is married and he and his wife, Yvonne, are the parents of a daughter, Heather, 1 year old.

Appointment of the new officer brings the Granite City Police Department's total strength to 51 men, Chief Veizer said.

Mrs. Creamer dies at 91

Mrs. Mary Ellen Creamer, 91, of 623 Washington Ave., a lifelong resident of Venice, died at 12:15 p.m. Tuesday at the Pleasant Rest Nursing Home, Collinsville.

She had been ill seven weeks and a patient at the nursing home one month.

Mrs. Creamer was a member of St. Mark's Roman Catholic Church and also belonged to the Ladies Democratic Club, Venice, the Venice Senior Citizens Club and the Venice-Madison American Legion Auxiliary 307.

Her husband, John Creamer, died in 1962 and she and her daughter, Mrs. Ruth Ellen Ohendorf, died Sunday.

Survivors include a son, Charles Creamer of Granite City; three daughters, Mrs. Lee (Ellen) Deering of St. Louis, Mrs. Tom (Jessie) Foley of Venice and Mrs. Harbert (Rose) Steele of Granite City; 14 grandchildren and 26 grandchildren.

Funeral arrangements are given in the obituary column.

TAKES CASH, BEDCLOTHES Judy Gervino, 1842a State St., reported this week that a burglar broke a window at her home, entered the dwelling and removed \$150 cash from a jewelry box in the bedroom and an assortment of bedclothing.

Parents may see student's records

The Illinois Student Records Act, which applies to all public elementary and secondary schools, as well as non-public schools who receive any state or federal funds, went into effect March 24, 1976, giving schools a year to comply. Harold E. Briggs, superintendent of the Madison County educational service region, is reminding Quad-Cityans.

All public school districts and non-public schools in Madison County are complying with this law, Briggs said this week.

Parents have a right to inspect and copy any and all in-

formation contained in the student record. If copies are desired, the school may charge a small fee.

The right is granted to challenge the contents of the records, by notifying the principal or records custodian of an objection to information contained in the record. An information conference will then be scheduled to discuss the matter.

If no satisfaction is obtained, a formal hearing will be scheduled, to be conducted by an impartial hearing officer, Briggs added.

The school will notify parents

of the destruction schedule of records so that they may receive copies if they desire.

When records are to be transferred to another school district, in the event of a move, the parents have a right to inspect and challenge information to be sent.

Permanent records consist of basic identifying information, academic transcript, attendance record, accident reports and health record, record of release of permanent information, and other basic information. This permanent record must be kept for 60 years after graduation or permanent withdrawal.

The student temporary record consists of all information not required to be in the student permanent record, including family background information, test scores,

psychological evaluations, special education files, teacher anecdotal records and disciplinary information.

The temporary record will be reviewed every four years for destruction of out-of-date information. It will be destroyed entirely within five years after graduation or permanent withdrawal.

Local, state and federal education officials have access to student records for educational and administrative purposes without parental consent.

Student records also are released without parental consent pursuant to a court order or subpoena, or in connection with an emergency where the records are needed by law enforcement or medical officials to meet a threat to the health or safety of the student or other persons.

Other releases of information require the informal written consent of the parent or eligible student.

The following is designated as public information and can be released to the general public, unless the parents request that any or all such information not be released: student's name and address, grade level, birth date and place, parent's names and addresses, information on participation in school sponsored activities and athletics, the student's major field of study, and period of attendance in the school.

A parent or student may not be forced by any person or agency to release information from the temporary record in order to secure any right, privilege or benefit, including employment, credit or in-

surance, Briggs explains.

The Buckley Amendment states that a student has access to his records at age 18. The Illinois Student Records Act says that a student of any age may exercise his right to records in his permanent file.

A student has no rights under this act for his temporary files.

But the school, at its discretion, may grant a student access to temporary files.

Full and complete copies of the laws, rules and regulations on student records are on file with the records custodian of each school and the superintendent, as well as the regional superintendent of schools of Madison County.

GRANITE CITY PRESS-RECORD Thurs., Sept. 9, 1976 Page 15

Costume parade to stress vote process

Children living in Granite City Township Precinct 23 are being invited to participate in a "sidewalk parade" on Sunday, Sept. 12.

The parade will start from Searns Park at Franklin and Manley Avenues at 2 p.m. proceeding south on Franklin Avenue to Garfield Avenue and then over to Johnson Road and north back to the originating point.

Theme of the parade will be America's Bicentennial and

children may either appear in costume and march along, or decorate any of their riding toys.

There will be a \$25 savings bond for the best float or decorated toy and \$5 for the best costume.

Purpose of the parade is to draw attention to the importance of registering to be eligible to vote in the Nov. 2 election. Signs encouraging registration before the Oct. 5 deadline may be created and displayed by the children, with another \$5 award for the most original.

At the conclusion of the parade, refreshments will be served and other prizes will be given.

Parents for children desiring to participate are to call 876-2271 and advise.

"In order to start the parade on time (2 p.m.), everyone should plan to arrive by approximately 1:15 p.m. Should there be inclement weather the parade will be held one week later at the same time, on Sept. 19," George H. Sykes, Democratic committeeman of Precinct 23, reported.

Precinct 23 is bordered on the west by Primrose Avenue, on the north by Pontoon Road, and on the south by Johnson Road. East of Johnson Road, it includes Riverja, Del Rio, Miami Court, Bermuda, Nassau and a portion of Clark Avenue.

JON R. WALKER

Walker named to government relations post

Laclede Steel Company has named Jon R. Walker manager of personnel services and public affairs. In his new position, Walker will handle government relations in Illinois for Laclede.

He has served as manager of personnel services for the steel company's plants in Alton and Madison since 1973 and will continue in that responsibility. John P. McCannan Jr., vice president - industrial relations, made the announcement. He explained, "This appointment is an indication of the importance which Laclede Steel places on its relationship with state government."

"The largest part of Laclede's plant and equipment and most of our employees are located in Illinois. Obviously, what takes place in Springfield has great impact on our business."

Walker, 46, has been employed at the Laclede Steel Co. since 1955. He is a native of Bethalto and is an alumnus of Shurtleff College and Washington University. He is a member of the Greater Alton Chamber of Commerce, Southwestern Illinois Industrial Association and Illinois Manufacturers' Association. Walker and his wife and children reside in Moro.

Ice cream social for Glenn Wilson

The Granite City Republican Women's Club will sponsor an ice cream social at 7:30 p.m. Friday in honor of Glenn Wilson, Republican candidate for state senator in the 8th district, according to the President Judy Nemeth.

She reports the event will be held at the Republican Headquarters, 1901 Pontoon Road. Admission will be \$5 per couple, \$2.50 per person and \$1 for children. Homemade cakes will be provided by the members, Mrs. Nemeth added.

Final plans for the project were made at a meeting Tuesday held at Bob Barton Realty office. Guests present included Mrs. Lida Thies, Roy Lynn and Edmund Firner. Miss Lucinda Huck was welcomed as a new member.

Refreshments were served by Mary Nemeth and June Barton.

UNDERCOATING—RALPH'S TEXACO 2ND & MADISON AVE.

St. Peter to honor pastors

Dr. Robert Baumann, former pastor at St. Peter Evangelical United Church of Christ, will return to the church this Sunday to preach the sermon at the 10:15 a.m. service of worship. All former pastors will be honored at the service which is part of the church's 75th Anniversary celebration.

Invitations have been sent to Rev. H. H. Wintermeyer, pastor emeritus and Mrs. Katherine Rück and Mrs. Martha Knicker, widows of former ministers. In addition to the worship service, those being honored will be guests of the church at a luncheon.

At 9 a.m. the church school classes will meet for promotions and the beginning of the fall semester. New teachers will be introduced before students go to their classes. Mrs. Dorothy Kinney, church school superintendent will be in charge of the program.

The Rev. Robert Kettelhut, pastor of the church, will serve as liturgist for the 10:15 a.m. worship. The Chancel Choir under the direction of Dr. Robert Hutcheson will provide special music and Calvin Bartels, president of the church, will participate in honoring the former ministers.

St. Peter Church, 21st Street and Cleveland Boulevard, was chartered on Dec. 1, 1901 and throughout this year the congregation is celebrating its 75th anniversary. The Rev. Dr. Baumann served the church from 1954-1970, during which time the new christian education building and Fellowship Hall were completed. He and his wife, Kathleen, now live in Carlisle where he serves St. Paul United Church of Christ.

Child care is provided both at 9 and 10:15 a.m. Ample parking is available on the lot adjacent to the church. Users will be on hand to assist the handicapped.

Mr., Mrs. F. C. Suess mark 50th anniversary

More than 200 relatives and friends greeted Mr. and Mrs. Fremont C. Suess, 1213 Harrison St., Edwardsville, this week at an open house, marking the couple's 50th wedding anniversary.

The reception was followed by a buffet dinner at the Sunset Hill Holiday Inn.

Both affairs were hosted by the Suess' son and daughter-in-law, Mr. and Mrs. Richard C. Suess, 3200 Willow Ave., and their son-in-law and daughter, the Rev. and Mrs. Gerald (Shirley) Senn of Centralia.

The open house was held at Eden United Church of Christ in Edwardsville.

Mr. and Mrs. Suess were married Sept. 3, 1926 by Mrs. Suess' father, the Rev. Louis F. Malkemus, at Union, Mo. The couple has lived in Edwardsville their entire married life. They have many friends in the Quad-Cities.

Among those attending the dinner party were the honorees' grandchildren, Mr. and Mrs. Steven C. Suess, Mr. and Mrs. Mark G. Senn, Veronica Ann Suess and Paige Lucille Senn; and a great-granddaughter, Mary Paye Senn.

Also present were Suess' brothers-in-law and sisters, Mr. and Mrs. Ted (Marian) Schild and Mr. and Mrs. Clarence (Ida) Oberbeck; and Mrs. Suess' brothers, George and Alvin Malkemus; brothers and sisters-in-law, Mr. and Mrs. Herbert (Gladys) Malkemus and Mr. and Mrs. Clarence (Ann) Malkemus, and brother-in-law and sister, Mr. and Mrs.

Restoration Society meeting set Friday

The first meeting of the 1976-77 year of the Downtown Neighborhood Restoration Society Inc. will be held with a family pot luck dinner at 6:30 p.m. Friday at the Tri-Cities YMCA. It was announced by the President Judy Padgett.

Mrs. Padgett added new members are welcome to attend the initial session and become acquainted with the programs and projects of the organization.

Orion (Lucille) Johnson. Godchildren of the honored couple attending were Mr. and Mrs. Bob (Lavera) Bedding and Mr. and Mrs. Charles (Delores) Green; and special friends included Mr. and Mrs. Paul Vocks, Mr. and Mrs. Lester Nagel, Mrs. Jo Johnson, the Rev. and Mrs. Wesley Bornemann, Dale Freeman and Sherman Poche.

Mrs. Jan Kohl hosts meeting

Mrs. Clara Huber was in charge of the devotional lesson on "America Free People Under God" by Norman Vincent Peale, presented at a meeting of the Loyalty Circle of Niedringhaus United Methodist Church, last week.

The group met in the home of Mrs. Jan Kohl, 2340 Gary Ave. for a dessert luncheon preceding the meeting.

Mrs. Woodie Lynn, circle leader, announced plans for the November bazaar and noted Faith and Loyalty Circles will be in charge of the Christmas decoration booth. She added members are to meet each Wednesday morning for a work session with Mrs. Huber in charge.

Dr. Leonard Van Camp will be the guest speaker at the general meeting at the church on Tuesday, Sept. 14 and Keith Curtis will be the guest soloist, it was announced.

Pride Circle hears Mrs. Emily Hahn

Excerpts from the book, "The Prophet" by Khalil Gibran were reviewed by Mrs. Emily Hahn at a meeting, last week, of the Pride Circle of Niedringhaus United Methodist Church.

The group met in the church parlors with Circle Leader Mrs. Emma Schoen presiding, assisted by Mrs. Grace Padgett, who reported on the Nov. 19 church bazaar.

Mrs. Dorothy Frohardt described etchings by the renowned St. Louis artist, Siegfried Reinhardt, which are being mounted on wood by Waldo Frohardt and will be on sale at the bazaar.

Refreshments were served by Mrs. Padgett, Mrs. Ruby Corbitt and Mrs. Pauline Cox to the members and a guest, Mrs. Pearl Campbell.

Mrs. Frohardt will host the October meeting.

Calvary services

The Rev. Anis Shorrosh, an internationally-known Christian evangelist, born in Nazareth, will conduct daily services at 10 a.m. and 7:30 p.m., beginning Monday and ending Sunday Sept. 19, in Calvary Baptist Church, 3001 Washington Ave. Rev. Shorrosh was pastor of the Jerusalem Baptist Church, and in 1966 entered full-time evangelism.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

MR. AND MRS. FREMONT SUESS, who observed their 50th wedding anniversary this week at an open house at Eden United Church of Christ, Edwardsville, hosted by their children, including son and daughter-in-law, Mr. and Mrs. Richard C. Suess of Granite City.

History of fingerprinting told to Breakfast Kiwanis

Some of the finer points of fingerprinting and identification were explained to the Breakfast Kiwanis Club meeting by veteran police officer Sgt. Michael DeVine of the Granite City Police Department.

A police officer more than 20 years, Sgt. DeVine was the first appointed detective on the GC police department. He is currently a member of the St. Louis Major Case Squad and in charge of fingerprinting.

According to Sgt. DeVine, fingerprinting goes back to 1688 and is an almost infallible method of personal identification. In 1901, England started using fingerprinting for criminal identification. It was used on a limited basis in the United States as early as 1903.

The St. Louis Police department in 1904 was the first in this country to establish a fingerprinting bureau.

New York State penitentiary started using fingerprinting in 1903 and the Leavenworth penitentiary started in 1904.

Sgt. DeVine showed diagrams of the numerous fingerprint patterns and points of identification.

Kiwanian Lt. Col. George Teller of the GC PD was the program chairman and introduced the speaker.

Kiwanis President Norman Kinder announced that Sherman Smith and Ned Freeman will be co-chairmen for the annual Peanut Sale on Friday and Saturday, Oct. 22 and 23.

The group's annual "Hole-in-One" golf tournament has been scheduled for Saturday and Sunday, Oct. 16 and 17, at the Arlington Golf Club. Tickets were distributed by Robert LeGrand, ticket chairman.

Tickets are being sold for \$1 and in addition to the golf tournament each ticket has a coupon providing a large order of French fries and a free flashlight or radio battery each month for a year.

The installation of officers and ladies' night will be held Wednesday, Sept. 29, at Charlie's Restaurant.

SUSTAINS MINOR INJURY

Minor injuries were sustained by Stanley M. Jackson, 3009 Edgewood Ave., in a collision at 8:30 p.m. Tuesday on Maryville Road near St. Clair Avenue. Operating the second vehicle was Mary A. Fernandez, 2540 Parkway Drive.

SGT. MICHAEL DEVINE

Obedience class for dogs here

"Dogs will be barking, commands of heel, stay and come will be heard, and big and small dogs on leashes will be a common sight Tuesday evenings at the YMCA, reports Don Rains, program director.

A dog obedience class is being offered Tuesday evenings from 7 to 8:30 beginning Sept. 14. It is for persons who would like to have their dog trained, Rains said.

Harold Cavins, who is a Lhasa dog fancier and an experienced trainer, will conduct the course. It will be offered for seven weeks.

The fee is \$7.50 for YMCA members and \$15 for non-members.

BADEN-OAKLAND MISHAP

Woody P. Ezell, 174 Briarwood Lane, sustained an injury in a traffic accident at 3:50 p.m. Tuesday at Braden and Oakland avenues. Operator of the second auto was Thelma Rhodbeck, 1429 Norwood Drive.

Pendleton quits police board; successor named

Norbert Sudholt, 3222 Westchester Drive, was appointed a member of Granite City's three-man Board of Fire and Police Commissioners Tuesday night to succeed Homer "Cal" Pendleton who resigned.

Sudholt's appointment was announced by Mayor Paul Schuler during the regular City Council meeting after the aldermen earlier had accepted "with regret" Pendleton's written resignation.

Pendleton, who has held public office throughout most of his adult life, has been a member of the Fire and Police Board since May 1, 1973, when he was appointed by Schuler

immediately following his election as mayor.

He was reappointed to a three-year term as commissioner on May 1, 1975. Sudholt will assume his post on the board Oct. 1 and will fill out the remainder of Pendleton's appointive term which ends April 30, 1978.

In his letter of resignation to the City Council, Pendleton said his plans to move out of the city made his resignation necessary.

"I have appreciated the privilege of serving an outstanding mayor, a fine City Council and the good citizens of Granite City," he said. The council accepted the

resignation on a motion by Alderman Earl Baker. The other two members of the Fire and Police Board are Elmer Miller, chairman, and Weldon Burch.

Pendleton told the Press-Record that he and his wife, Mrs. Ernestine Pendleton, will move to Las Vegas, Nev., to make their home. They will leave Granite City Saturday.

Pendleton, 64, was born in Belle, Mo., and came to Granite City at the age of 10. He attended local elementary and high schools and St. Louis university. He served as a member of the Madison County Board of Supervisors, as a Granite City police officer and a

GRANITE CITY PRESS-RECORD Thurs., Sept. 9, 1976 Page 19

Madison County deputy sheriff. He was employed as a railroad switchman from 1961 to 1965 at the Terminal Railroad Association, leaving that job in 1965 to become city clerk of Granite City. He was re-elected as clerk in 1969, but resigned the post in 1970. He returned to the railroad, but retired several years ago.

Sudholt is a native and lifelong resident of Granite City, attending elementary and high schools here. In the early 1950s he operated Norb's Snack Shack. For the past 25 years he has been employed as a cartographer at the Defense Mapping Agency, Aerospace Center, St. Louis.

He is married and has two children.

HOMER PENDLETON

TRY A PRESS-RECORD CLASSIFIED AD

\$385 burglary at residence

Items valued at \$385 were taken in a burglary at the home of Erwin Porter, 1710 (rear) State St., it was reported Tuesday. Entry was gained by forcing the front door.

Listed as missing were a portable television, valued at \$50, Masonic diamond ring, \$65, gold ring with diamond, \$100, two .22 caliber rifles, \$30, Polaroid camera and case, \$40, 35mm camera, \$60, electric clock-radio, \$55; and radio, 10 eight-track tapes, groceries, sport's jacket, pillowcases and assorted jewelry in a box, valued at \$195.

BURGLAR TAKES STEREO

A \$400 stereo set was taken from the home of Mary Effler, 208 Washington Ave., after a lock on a door was pried off to gain entry it was reported this week.

Madison projects cut in tax rate

A nine-cent reduction in the Madison city tax rate is projected in a tax levy of \$19,000 which was approved by the City Council Tuesday night for the 1976-77 fiscal year.

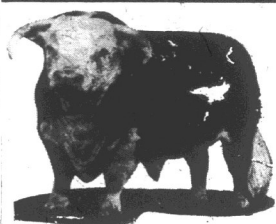

The levy last year was approximately \$330,000. According to Albert Hudzik, city controller, the tax rate per \$100 assessed valuation should decrease from \$1.98 for 1975 to \$1.89 for 1976.

Major reason for the tax reduction, according to Hudzik, is the city was behind in payments to the Illinois Municipal Retirement Fund last year and the IMRF tax was raised last year. This addition of IMRF tax was dropped in the new levy.

The city enacted an ordinance prohibiting parking on Market Street near the intersection of Washington Avenue in front of the Illinois Pacific Coast Transportation Co. The reason for the ordinance is to accommodate the large trucks used by the firm in pulling in and out of the company's parking lot.

A \$120,000 building permit for an addition to Lanter Refrigerated Distributing Co., 3 Caine Drive, was approved. The company deals in meat products.

Other building permits issued were: John Billich, 1409 Madison Ave., \$5,000 for wiring and repair; Joe Marcola, 1647 Seventh St., \$3,000 for repairs. City bills of \$83,191 were approved for the period of Aug. 25 to Sept. 7.

Madden, Earls in Alaska for training

Two Granite City men are among 49 Illinois Army National Guardsmen who departed for Alaska from Springfield, Ill., early this week for 11 days of special summer training.

Specialists Four Ronald E. Madden, 1738 Chestnut Ave., and Michael L. Earls, 2002 Illinois Ave., will train at the U.S. Army Northern Warfare Training Center at Fort Greely, located 80 miles southeast of Fairbanks.

Both men are members of Detachment 1, Support Com-

pany, 3rd Battalion, of the 130th Infantry in East St. Louis. All of the Guardsmen will train in mountainous terrain, on glaciers and on inland waterways during their 11-day stay in Alaska.

Madden, freelance writer, formerly served four years in the U.S. Air Force and is presently assigned as a scout observer in the East St. Louis infantry unit.

Earls, who formerly served three years in the regular Army, is assigned as a reconnaissance scout with the infantry detachment.

Square dancing offered at 'Y'

Square Dancing will be offered at the YMCA beginning on Tuesday, Sept. 14. Paul Christiansen, program chairman, said today.

Bob Boyd, local caller who has demonstrated his expertise with the Checkerboard Squares, will lead the program from 7 p.m. to 9 p.m. every Tuesday.

"Persons of all ages may participate in the fun and exercise. Everyone is welcome, but it is preferred that people attend as couples to help even out the squares for dancing," Christiansen said.

The fees are 50 cents for members and \$1 for non-members per session. The YMCA is a United Way Agency.

9th GC air monitor placed at Frohardt

The Illinois Environmental Protection Agency (IEPA) has installed a new air pollution monitor in a residential section of Granite City to measure the amount of suspended particulate matter in the air.

Robert Arnott, manager of air monitoring for the IEPA, said, "Extremely high suspended particulate levels have been recorded by agency monitors that border industrial areas of the city."

"This new monitor is installed in a densely populated area and will help provide us with a more complete picture of the severity of the problem."

The new monitor, located at Frohardt Grade School on Johnson Road, is the ninth suspended particulate monitor installed in Granite City by the IEPA and the Granite City Air Pollution Control Board.

Last year, five of the monitors recorded suspended particulate levels above the national maximum allowable level of 75

micrograms per cubic meter. One of the stations, 201 E. 20th St., recorded the highest annual average in the state, 158 micrograms per cubic meter, Arnott said.

IEPA officials said they expect the suspended particulate levels to start dropping. Among other factors, the IEPA and Granite City Steel reached an agreement in February on a method of reducing emissions from the steel mill. Phases of the multi-million-dollar project are scheduled for completion in the fall of 1978, Arnott related.

AUTO-CAMPER LOOTED

An auto and camper parked in the driveway of the Ross Miles home, 2943 Myrtle Ave., were snatched. It was reported at 11:15 p.m. Tuesday. The owner was unable to provide a list of missing items at the time of the report.

What can you do when you want extra money?

Let H & R Block teach you to prepare income tax returns.

H & R Block knows income taxes, and how to teach you to prepare income tax returns.

We teach income tax preparation to people who have a flair for dealing accurately with figures, and who enjoy working with the public, and who would like to earn extra income in their spare time. Over \$50,000 students have graduated from our Income Tax Course.

We teach classes in more than 2,000 communities throughout the country. There is almost certain to be a class location and time satisfactory to you. Job interviews available for best students. Send for free information and class schedules today. HURRY!

Nutrition data on food labels

By MARY RICHARDS
Illinois Department of Public Health

Anyone who shops for food has probably noticed that, in the recent past there have been significant changes in the labels on food products.

While these changes do not involve eye-catching techniques such as new packaging, new designs or new colors, they do involve something far more important to you, to me and to our families — information about the foods inside the packages.

Admittedly, it may be difficult to see much drama or excitement in a small-print label of a peanut butter jar or on the wrapper of a frozen pie. This little squig could, however, answer many of your questions about foods, and open up a new era of better health for you and your family through more knowledgeable choices.

How can "nutrition information" on a food label accomplish all this? If you use the information to your own advantage, the new labeling will make it much easier for you to identify and select nutritious foods.

The new labeling is valuable to those who are following specific dietary orders from their doctors because of illness, weight problems, pregnancy, allergies, etc.

"Nutrition information" on food labels also helps shoppers who are planning meals for growing children or for the elderly by making it easier to select foods which contain the vitamins and minerals essential to the special needs of these age groups. And, of course, the new labeling is useful to those of us who are simply interested in good nutrition on a day-to-day basis.

Much of the new information now appearing on food labels

results from a program of the federal Food and Drug Administration (FDA). The Illinois Department of Public Health, which administers the FDA program in Illinois, tells us that when a food label contains nutrition information, it must provide all of the following:

Serving size; number of servings per container; caloric content; protein; carbohydrate content; fat content; and the percentage of the U.S. Recommended Daily Allowances (U.S. RDA's) of protein, certain vitamins and minerals... all on a per serving basis.

Thus, if you check the information on a food label, you can determine from the listing of calories, protein, fat, etc., which foods are high in protein, low in salt (sodium), high in calories or low in fat.

Also, by checking the listing of the percentage of U.S. RDA's, you can easily determine which foods will give your family the vitamins and minerals they require.

Nutrition information, however, is not the only benefit of the new labeling regulations. It also helps to minimize any misleading, nutrition-related claims. Under the regulations, if a nutritional claim is made for a particular food, either on the labeling or in an advertisement, the label must then contain all of the required nutrition labeling.

The new labeling regulations provide all food shoppers with a valuable tool. It is up to us, now, to use it to help improve the health of our families.

If you want more information about the new food labeling, write to: Illinois Department of Public Health, Division of Food and Drugs, 535 W. Jefferson St., Springfield, Ill. 62761.

Patchworkers enroll members

The Patchworkers 4-H Club welcomed six new members at a meeting conducted by Debbie Burnett at St. Elizabeth School cafeteria, last week.

Those joining the club included Jennie Little, Janet Jackson, Amy Patterson, Amy Hartman and Jean and Karen Fuller.

Mickey Loftus led the group in the pledge of allegiance and John Krystopa led the 4-H pledge.

Mrs. Carol Kessler was introduced as the new assistant leader and the president appointed the following committee chairmen:

Chairman for the forthcoming year will be Lynda Loftus, window displays following the 4-H theme "Room to Grow" installation Sue Burnett and Mary Loftus; tours and speakers, Amy Hartman; fund-

raising projects, Wendy Melvov; Christmas party Christy Kessler and nominating committee will be last year's officers.

Announcements included, the club will attend church in a group on Oct. 3 in observance of national 4-H week and a craft day will be held at the home of Mrs. Martha Melvov, leader, after school today.

Members completed their membership cards and viewed books on projects to be selected by each one for the ensuing year.

Refreshments were served by Wendy Melvov. The next meeting will be at 7 p.m. on Oct. 7.

Also present was Carol Busch and Karen Toussaint and guests, Mesdames Jackie Little, Janice Jackson, Carol Patterson, Frances Hartman, Sharon Loftus, Martha Burnett, Rose Krystopa.

Tent revival at local church

An old fashioned tent revival opened last night on the grounds of the Church of God, 2801 Orville Ave., and will continue each night through Sunday, Sept. 19, according to the host pastor, the Rev. O. J. Cloninger.

The pastor said services are held at 7:30 each evening in the tent in an effort to recapture the spirit of revivals of the past, in this Bicentennial year, and to show a contrast between an outdoor meeting and one held in an air conditioned building. There will be five area

ministers who will speak on various nights and special singing will feature gospel group well known to this community, Rev. Cloninger added.

At the conclusion of the revival the host congregation will begin planning a building program to erect a new church, educational building and christian academy on a five acre site located on West Ponton Road, Rev. Cloninger reports.

Eta Chapter plans projects

Eta Chapter of Phi Tau Omega Sorority meet at the Elks Club for its September business meeting last week.

Eleven members were present and plans were completed for a rummage sale to be held Oct. 16 at the VFW Hall. The ways and means committee have made plans to sell pecans at their fall project, it was announced.

The September social com-

mittee will be Mary Evelyn Yenchu, Evelyn Todd, Gladys Waggoner and Ann Tatum. It also will be guest night for prospective members, according to Miss Hilda Schroeder, president.

Prizes were awarded to Mary Hassler and Eunice Hatcher.

Harmony Class hosts picnic

The Harmony Class of the Niedringhaus Methodist United Church held a picnic in Wilson Park with Mr. and Mrs. Fred Stuch and Mr. and Mrs. Waldo Prohardt as hosts.

A short business meeting was conducted by the president, Raymond Dix. Those attending were, Mr. and Mrs. Milford Hahn, Mr. and Mrs. Clyde Myers, Mr. and Mrs. Edgar Paddock, Mr. and Mrs. Cleveland Cox, Mr. and Mrs. Charles Reimers, Mr. and Mrs. Harold Lynn, Mr. and Mrs. Calvin Compton, Mr. and Mrs. Raymond Dix, Paul Martin, Mrs. Ruby Corbett and a guest, Mrs. Carrie Hart.

University Women plan open meeting

The local chapter of the American Association of University Women will host an open public meeting at 7:30 tonight at the First United Presbyterian Church, according to the president, Miss Mary Veleff.

Guest speaker will be Gertrude Brainard, second vice-president of the state AAUW board. She will speak on the "AAUW Public Image" in the community, Miss Veleff added. The president stressed the meeting is open to the public.

Illinois Power aiding new coal gasification process

Illinois Power Company has joined ten other utilities in an agreement in principle on a program with Allis-Chalmers Corporation to complete engineering work on a proprietary coal gasification process referred to as "Kilgas".

W. C. Gerstner, executive vice president of Illinois Power announced the pact Wednesday. He said the process is based on Allis-Chalmers' extensive commercial experience in rotary kiln, high temperature, minerals processing.

David C. Scott, chairman of the board, chief executive officer and president of Allis-Chalmers, said the process is designed to produce a clean synthetic fuel gas from coal for electric utility power generating plant and industrial process heat applications.

The process offers the alternative of producing liquid hydrocarbons as a by-product of gasification for either additional clean energy applications which require a storable fuel or for sale as a petrochemical feedstock.

Other utilities involved are Consumers Power Company, Jackson, Mich.; Central Illinois Public Service Company, Springfield, Ill.; Iowa Power, Des Moines, Iowa; Monongahela Power Company, Fairmont, W. Va.; Ohio Edison Company, Akron, Ohio; The Potomac Electric Power Company, Hagerstown, Md.; Public Service Indiana, Plainfield, Ind.; Public Service

Company of Oklahoma, Tulsa, Okla.; Union Electric Company, St. Louis, and West Penn Power Company, Greensburg, Pa.

The program to be pursued will focus on completion in 1979 of the basic engineering effort required to permit the first commercial sale, with a goal of accomplishing the initial commercial plant startup two years later.

"We established the feasibility of our process in a pilot scale development program during the past five years within our Advanced Technology Center in Milwaukee," Scott explained.

He said pilot plant testing has been conducted at the Allis-Chalmers test center at Oak Creek, Wis.

Further testing and development will be conducted in the same facilities, which will be modified to better simulate commercial process conditions.

Scott said that development engineering work, which the 11 utilities will help support financially, will extend the company's "Kilgas" technology base.

Objective is achieving a commercially superior and unique process that will effectively serve the clean fossil fuel needs of both electric utilities and general industry starting in the early 1980s.

Allis-Chalmers will manage the program, which is expected to take three years to complete, Gerstner of Illinois Power said.

Dr. Gerald T. Petersen, who has been director of the Advanced Technology Center, will be general manager of the program.

Commenting on current economic interest in coal gasification, Scott said the process "holds great promise as a competitive alternative for selected energy uses as the cost of oil and natural gas rises and as environmental controls tighten."

"Coal gasification provides for effective control of air and other pollutants as well as the potential for increased energy conservation."

"The most attractive markets lie within the industrial-utility area."

Although the need is worldwide, we are currently focusing on the domestic scene, where the pressure for change is greatest, because of an abundant coal resources and increasing concerns with respect to air quality.

"The majority of the new synthetic fuel gas plants are anticipated to be located in close proximity to, if not on, the fuel consumption site."

Main accomplishment of the first phase of the coal gasification program which Allis-Chalmers has completed include pilot tests at the rate of 18 tons of coal per day, preliminary design of a modified pilot facility required for the second phase, and development of a continuous process that has high capacity potential as well as the ability to process a wide variety of unsized coals, including the difficult to process, Eastern United States caking (soft) coals.

The primary objective of the

GRANITE CITY PRESS-RECORD
Thurs., Sept. 9, 1976 Page 22

second phase is to obtain the engineering data necessary to proceed with the third and final phase, commercial plant offerings.

This third phase will be launched by construction and operation of the first commercial unit, capable of processing between 1,000 and 2,000 tons of coal per day, with immediate scale-up potential to single units with a coal processing rate of 6,000 tons per day.

A 6,000-ton per day unit would produce enough fuel to operate a 500-megawatt electric utility power station.

Fuel produced will not have to be enriched.

Because the Allis-Chalmers process is projected to be able to handle unprocessed caking coal at large throughputs, whereas other commercially-available systems require sized and caking coals at lower throughputs, it is expected the Allis-Chalmers process will have a competitive advantage, said Scott.

He also described the company's "Kilgas" process, which employs a "tumbling bed" principle, as "less complex, more economical, and quicker to develop than the high pressure fluidized-bed or entrained-bed processes now being pursued by others."

Technological expertise acquired by Allis-Chalmers over several decades in other pro-processing activities has provided the basis for the company's "Kilgas" process.

Allis-Chalmers has applied for patent protection for "Kilgas" as well as other processes, the company will either manufacture and market the products to process the new process, or license engineering and manufacture to other firms.

Coal gasification facilities

HAL HOLBROOK. He will portray Mark Twain at the Mississippi River Festival Thursday evening, Sept. 16.

'Mark Twain Tonight' at River Fest

The final three nights of activities at the Mississippi River Festival, held on the campus of Southern Illinois University at Edwardsville, are approaching.

The Chicago Symphony Orchestra, Hal Holbrook in "Mark Twain Tonight" and America with special guest John Sebastian will all be performing at the Festival site in mid-September.

On Wednesday, Sept. 15, the Chicago Symphony Orchestra, conducted by Leonard Slatkin, will perform works by Berlioz, Bartok, Strauss and Prokofiev. It has been called by critics the "most formidably equipped orchestra in the world at present, with its luscious strings, fervent winds and exuberant brass."

Hal Holbrook will present his "Mark Twain Tonight" performance Thursday, Sept. 16, at 8:30 p.m.

The Holbrook performance includes Twain expounding on matters ranging from the importance of the trivial.

Excerpts are taken from various Twain writings, including "Huckleberry Finn," "Innocents Abroad," "Life on the Mississippi," "Letters From The Earth" and many others.

On Friday, Sept. 17, America will close the 1976 MRF season with its acoustic rock sound.

Special guest artist John Sebastian, who has moved back to the top rank of rock with his "Welcome Back Kotter" single, will open the evening.

America, a group composed of three Americans reared in Britain, first came to rock fame with "A Horse With No Name" in the early '70s and has maintained its rock status since with a number of hit albums and singles, including this summer's "Hideaway" album.

Tickets for all three evenings are available from the SIUE box office or at locations around the St. Louis area and throughout Southern Illinois.

Festival Director Lyle Ward has reminded festival-goers that MRF policy bans cans and bottles from the Festival site.

New Madison school plans due for approval today

Designs for the new middle school (junior high) were reviewed by members of the Madison Board of Education at a special meeting Tuesday night.

School administrators, architects and board members are scheduled to meet in Springfield today at 1:30 p.m. with representatives of the Illinois Capital Development Board (CDB) to approve final plans.

Bids are tentatively scheduled to be advertised in November, with construction scheduled to begin in February.

Hearings on students recently suspended at Madison High School, will be held by the board in the near future, according to Superintendent of Schools John Palfieff.

Palfieff said the board discussed the recent unrest at the school and were firm in their conviction that school will be held regularly and that students causing trouble will be dealt with to the fullest extent the school laws will permit.

Adult Performance program registration open at VLTC

Venice-Lincoln Technical Center (VLTC) is enrolling students in its new Adult Performance Level program.

As one of VLTC's high school completion options, the program stresses practical skills for coping with adult life situations.

Within the knowledge areas of consumer economics, health, government and law, and community resources, the adult students explore such topics as car financing, public transportation, home safety, comparison shopping, meal planning, and income tax.

A realistic preparation for entry into a chosen career is a major goal for each participant.

This year's APL staff includes Diane Marinelli, coordinator; Nancy Hess and Patti Painter, instructors. The program is scheduled from 9 a.m. to 3 p.m. daily for approximately 30 weeks.

VLTC's APL program is one of four pilot projects in the state of Illinois this year. It receives special project funding from the Illinois Office of Education, Adult and Continuing Education Section.

Persons interested in registering may do so at the counselor's office Monday through Friday between 9 a.m. and 3 p.m.

Theft charged

Rock E. Juergensen, 22, of 2545 Fehling Road, was charged with theft at 8:10 p.m. Tuesday when arrested by police at St. Elizabeth Hospital.

Security guards at the hospital reportedly saw a man leave the building with a blue oxygen tank and place it in the rear seat of an auto. The guards held the man until police arrived and took him into custody.

Wilkins at Westminster

George Thomas Wilkins III of Granite City is a member of the 12th freshman class at Westminster College, a private liberal arts college at Fulton, Mo.

The son of Dr. and Mrs. George T. Wilkins Jr., 1204 Twenty-seventh St., he will join other young men from nearly 30 states and several foreign countries attending the four-year college.

As a freshman, Wilkins will reside in one of the college's freshman dormitories in the Churchill Quadrangle, named after the English statesman who made the famous "Iron Curtain" speech there over 25 years ago.

Westminster College maintains a cooperative program with nearby William Woods College for women. Together, the school's offer majors in 19 areas and either a bachelor of science or bachelor of fine arts degree.

Sewing topic of GC Unit

TO MARRY. Miss Linda Lickenbrock and her fiancé, Carl Ignatz. Their engagement is being announced by the bride-elect's parents, Mr. and Mrs. Ralph F. Lickenbrock, 2416 Hodges Ave. A March 19 wedding is being planned.

The September meeting of the Granite City Unit, Madison County Homemakers Extension Association was held last week at the Grand Cafe.

The meeting was opened by the new chairman, Mrs. Helen Oberlin, and the major lesson, "Saving Time in Sewing" was presented by Mrs. Madge Ramsey and Mrs. Oberlin. They demonstrated many new sewing techniques on miniature garments. They demonstrated short-cut techniques in sewing facings, hems, pockets, seams, sewing buttons and closures. They stated that when purchasing fabric for a garment, purchase all of the notions necessary to save a shopping trip later. They also said to work out a color plan for your wardrobe. By deciding which colors will fit into your present wardrobe, the selection will be smaller and simpler. Accessories can be easily interchanged, they added.

Mrs. Martha McIlroy, 4-H chairman, displayed a hand-made patch-work quilt.

Mrs. Wilma Owen said that the "Countrywoman" magazine is available to all members and Mrs. Anna Michels announced all of the lessons, leaders and hostesses for the coming year. A committee for the Christmas Party was appointed. The new telephone committee members are Mrs. Hazel Cline and Mrs. Anne Pare and Mrs. LaNell Lesseg. The attendance prize was won by Mrs. Bernice Johannmeier. Members attending were, Mesdames LaNell Lesseg, Bernice Johannmeier, Olivia Bergschneider, Anne Pare, Hilda Griffith, Mary Zikovich, Mary Blankenship, Lucille Soezak, Laura Travis, Martha Taylor, Helen Parks, Carrie Hoffman, Filomena Gruber, Barbara Dudak, Rosalia

Johannmeier, Josephine Uram. Guests attending were, Mrs. Lori Hintz, Mrs. Betty Nighobossian, Mrs. Mary Handelder and Stephen Uram. The next meeting will be at Grace Baptist Church at 12:00 noon. The major lesson will be, "Developing a Family Records System" by the Extension Advisor.

Gospel Concert set Saturday

A concert of gospel singing featuring the "Latter Days Quartet" from Missouri will be presented at 7:30 p.m. on Saturday at the Bethel Temple Pentecostal Church, 2400 East 26th St., according to the Rev. Ralph McKinney, pastor.

After the program the women of the church will have a bazaar of handmade items on display in the fellowship hall and will also provide refreshments including sandwiches, cakes and pies at a nominal cost, the pastor added. Rev. McKinney extends an invitation to the area residents to attend the performance which is admission free.

Lutheran Women to hear Rev. Brown

The Rev. Robert Brown, prison chaplain at Menard and Chester, will be the guest speaker at a meeting on Monday of the Mission Guild for Lutheran Women. The luncheon meeting will be at 12 noon at Peace Lutheran Church, Royal Heights Road, Belleville. The meeting will start at 1 p.m., according to guild officers.

Ignatz-Lickenbrock engagement

The engagement of Miss Linda Lickenbrock and Carl Ignatz is being announced by the bride-to-be's parents, Mr. and Mrs. Ralph F. Lickenbrock, 2416 Hodges Ave.

A March 19 wedding date has been set by the engaged couple. Miss Lickenbrock is a 1974 graduate of Granite City High School South. She is currently employed at Burger Chef. The prospective bridegroom is the son of Mr. and Mrs. Steven Ignatz of Washington Park. He was graduated in 1974 from Assumption High School, East St. Louis, and is an employee of Olin Brass Corp. in East Alton.

Seniors plan Missouri tour

Last week the Happy Group Senior Citizens toured the historic sites in Springfield, Ill. and then enjoyed an afternoon exploring the New Salem State Park, where they viewed life as it was lived in the 1800s.

The next meeting will be a pot luck to be held at the Senior Citizen Center for the members on Sept. 16 at 4 p.m. Another tour is being planned for the weekend of Sept. 24 when they will visit the Arts and Crafts Festival at Silver Dollar City, enjoy an evening of country music, and attend the Passion Play at Eureka Mo., on Saturday evening.

Anyone wishing to join the tour may make reservations by calling Velma Gruen, at 301-3376.

Sewer

(Continued from Page 1)

favorable state EPA comment. Treasurer Whitsell reported that the new payments total \$309,252.

"The committee is staying on top of the Economic Development fund prospects," Sparks said.

"Formal applications for funds will be submitted for Areas One, Two and Three as soon as forms are available from the federal government." Sewer installations in Areas Two and Three currently are stalled by opposition from some of the residents in State Park Place, East Madison and Eagle Park Areas.

"The committee already has sent letters to the regional director in Springfield requesting that the county be considered for funding in the amount of \$6,547,610," Sparks added.

"With a \$5 million limit established, we are asking for separate grants for each of the three areas and hope to be qualifying for the funds needed in all three locations."

Circulars listing the names of C. Wallace, Ruth Andrews, G. Dyckman, Helen Hawkins, O. Bean, B. Ropac, L. Jones and V. Neuling are titled, "Attention taxpayer - Unfair sewer tax can still be defeated."

The circulars say that "if your name does not appear on a petition objecting to Special Service Area 1 Tax District, the following information should be of great importance to you."

"An injunction was filed at the Madison County Courthouse in Edwardsville by Attorney Joseph Hill, representing Area 1, to halt further development of a sewer tax program as now planned."

"This injunction represents the various reasons for all objections given in Area 1. If the case is won all objectors in this area will benefit from the outcome," the circular contends.

"It adds, 'The cost would be a terrible burden of expense if each objector retained their own individual attorney. Therefore, the most reasonable and fair method would be that each home that objects donate at least \$5 to cover legal fees and costs. This case cannot be continued without your support.'"

"Formalized statements of costs involved in this legal action will be made available upon request to any participant of our program to halt permanently this unfair taxation."

"This case could be taken as far as the Illinois Supreme Court to test the con-

stitutionality of their program. To insure your representation in our legal actions - get on the bandwagon and help us," the anti-sewer circular urges.

"The following information is sent immediately to assist our attorney so he might better represent our case. Please answer all questions and return detached portion of this sheet, even if you do not contribute, no later than Sept. 10."

"1. Did you receive notice of public hearing held May 22, 1976?"

"2. Do you own more than one piece of property in Area 1? How many? Did you receive notification of hearing for every (each) piece of property?"

"3. Did you sign easement rights? If yes, were you told the funding of sewers would be applied to real estate taxes? Would you have given easement rights under the present plan of real estate taxation?"

"4. Did the easement paper you signed have a legal description of your property and show exactly where sewer lines would be put?"

"5. What were you told the cost of these sewers would be and how were they to be financed?"

"6. Do you feel you signed your easement rights under false pretenses? Would you now like to get back your easement rights?"

"7. Is taxation your main reason for opposing formation of Special Service Area 1 Sewer Tax District? If no, what is your reason?"

Whitsell responded to the circulars as follows:

"Do the people of Nameoki Township want to provide sanitary sewers, reduce health hazards, expand job opportunities, add to the value of their property and enhance property?"

"That is the question that I have asked myself since the beginning of our sewer studies for this area."

"The answer is yes! We all agree that to safely and effectively dispose of our sanitary sewage is about the most fundamental challenge to a civilized society."

"What if I come free of charge? No. But if we act fast, we expect to receive \$12,354,420 from a state grant that represents approximately 75 per cent of the total cost. If we do not act, this money will be spent elsewhere, but our need for sewers won't go away."

"The Environmental Protection Agency says they will force you to have sewers by 1980. If we give up this grant, we

will pay four times as much on our own, plus the cost of inflation."

"Today, I received a notice in my door requesting a \$5 donation to help defeat the so-called unfair sewer tax."

"It turns out that among those in leading ranks of the opponents are several unsuccessful office-seekers who concede that they are trying to make as much 'political hay' as possible out of the sewer controversy."

"They see the issue as a stepping-stone to greater political power and perhaps governmental office. Ask them the one important question: If this sewer plan is defeated, where do you go from there?"

"Why does this group of 'againers' lead you to believe that easement rights are an issue? Easements are available through the streets; property easements were requested for your convenience."

"I first became involved in this sewer program in 1969, when we decided that Nameoki Township alone could not qualify for state and federal funding."

"Therefore, we formed a district composed of all of this area that had been trying individually for grants, Nameoki, Chouteau and Venice Townships."

"This program was estimated to cost \$12 million if we had built them at that time. Now, inflation has increased the cost to near \$17 million and will not improve if we wait," Whitsell continued.

"Due to the recent New York bond crisis, revenue bonds are virtually unsellable on today's market, though our program had been designed around revenue financing. Revenue financing is like borrowing our 25 per cent share and each one of us pay back a given amount each month."

"It is the most desirable form of financing. Everyone pays the same, but it cannot be done when lenders refuse to finance such a loan at a low cost."

"The only method left to finance our share was the general obligation bonds that are secured by a tax levy. None of us like taxes, but what is the difference if it is the cheapest way?"

"The average cost is going to be based on \$1.06 per \$100 assessed valuation for a 15-year loan, 85 cents per hundred for a 20-year loan or 78 cents per hundred assessed valuation on a 25-year loan."

"We cannot tell you for sure what the term of the loan will be until Sept. 13, when bids are received from the bonding companies."

"Your assessed value is one-third the actual value of your property."

"After sewers are constructed, homes will be worth more to their owners and construction of new homes also will become likely."

"As homes and businesses are added, they will share in the cost, steadily reducing the projected cost to those initially served."

"If tax assessments change, the sewer tax rate will be lowered so that only a fixed number of dollars is collected until the bonds are paid off."

"Please do not be misled by a few people who already lost in their petition drive against sewers and now solicit your money to tie up the program in the courts."

"Call someone who knows the program and the benefits to our township."

"Get the facts and, remember, to delay this program will be self-defeating because the outstanding opportunity to obtain sanitary sewer lines will never again be available," Whitsell concluded.

Pontoon Beach Mayor Moss

commented, "We all need sewers. To fight against the proposed installation of sewers simply because it was someone else's idea makes no sense."

"I wish I had conceived the idea for the program; instead, it came about by the hard work of others."

"It is progress, and to stand in the way of progress and community health is selfish. The pamphlets being handed out in opposition could be better titled 'Attention taxpayer: More healthful living conditions can still be defeated.'"

"The people who mainly are against the sewer program live in an area that frequently has drainage problems."

"If the sewer program is successful in this one area alone, approximately 1,600,000 gallons of water per month - based on 8,000 gallons per household - would no longer be pumped into the slough area."

"The sewers would be a big step forward in helping solve the overall drainage problem. 'Maybe if the slough problem were to be solved, a few

Transportation

(Continued from Page 1)

and the Southern Cross from Mt. Carmel to Alton.

As part of the strategy to relieve St. Louis of some of its commercial wealth, Alton, the largest city in Illinois, was made the terminus of two lesser railroads: one northward to Paris and the other southward to Shawneetown.

Another proposed main line

frustrated people would lose the great deal of attention they presently receive.

"Their arguments against sewers are not based on logic; they are based on emotionalism and an 'against everything' attitude. I would like to ask the sewer group opposed to sewers to stop fighting progress, better living conditions and an expanded economy."

"Let's forget the politicians we are mad at and think of the welfare and health of all the people, not just a select few," Moss urged.

went west from Bloomington through Peoria to Warsaw on the Mississippi River.

Remaining funds were to be spent on the improvements of the Wabash, Illinois, Rock, Kaskaskia and Little Wabash Rivers.

The purpose was to develop river transportation within the state's boundaries rather than that which carried commerce for competing states.

The governor's wish that communication lines be "made straight," the desire to enrich the central part of Illinois at the expense of St. Louis, and the special expertise of political leaders who advocated the scheme were not enough to overcome the economic reality of the times.

For shortly after the internal improvement plans had been approved, Illinois as well as the rest of the nation was stricken by the Panic of 1837, assuring that it could not finance its

ambitious dreams. Although Illinois remained solvent, many states defaulted on their debts and declared bankruptcy.

Construction virtually ended in 1839, and the system was officially abandoned during the 1840-41 legislative session.

All that remained was the Northern Cross Railroad from Meredosia on the Illinois River to Springfield.

By 1844, its one locomotive had worn out, and within three years the state sold the railroad at auction for one-fourth of its original cost.

Before the transportation system was developed a generation later, Illinois was forced to look beyond its boundaries to the nation and to the world for more money, materials and people.

WALLET STOLEN
Lonnie Williams, 2435 Washington Ave., reported at 4:35 p.m. Tuesday that his wallet, containing \$80 cash and assorted papers, was stolen while he was working at the Jack-In-The-Box restaurant.

Pontoon Beach Lions induct three members

James Riskovsky, deputy governor of Illinois Lions District 16, region III, installed three new members into the Pontoon Beach Lions Club last week.

The new members are Richard McIntosh, Pontoon Beach police officer; Mike Bradley Briggs, member of the Long Lake Fire department and employee of Vesci Distributors; and Keith Harley, employee of Pontoon Beach Mobil Station.

In his speech to the Pontoon Lions, Deputy Gov. Riskovsky said: "Membership in the Lions Club is a privilege. You are about to join the world's largest and most active service club organization; a brotherhood of 1,116,000 service-minded men in 29,000 clubs, in 147 countries of the free world. This institution is an honor which is great because you did not seek it; for your sponsors presented your names, the membership committee recommended you, and the board of directors approved you."

Riskovsky went on to say, "Lions International is not a fraternal, social, or political organization. It is a group of men banded together to do things which you and I cannot do as individuals, a medium through which men of good will can serve their fellow man. The motto of our association is 'We Serve'."

Following the ceremonies, Robert Carroll, club secretary,

announced the board of directors' approval of four new membership applications: James Whaley, employee of Vesci Distributors; Robert Morgan, radio dispatcher for Pontoon Beach Police Department; Robert Douglas, employee of Chouteau Township; and Jeff Chandler, employee of Pontoon Beach Street Department.

Donald D. Patrick, club president, said, "I am very enthusiastic with the progress our club has been making in the past few months. Initiation of our three new members and the approval of the four membership applications is one of the three goals that I set forth when taking office, to make the membership more representative of the community. I have great confidence that our Lions Club will play a great part in the future of Pontoon Beach."

Carroll also announced that club members Patrick, counselor for Co-Ordinated Youth Services, and Club Treasurer Duane K. Skinner, trustee for the village of Pontoon Beach, have been selected to serve on the Citizens Advisory Council of Granite City School Board District 9.

NEW LIONS INSTALLED. Three new members of the Pontoon Beach Lions Club were installed last week by Deputy Lion Governor James Riskovsky, second from left. From left, are Robert Carroll, club secretary; Gov. Riskovsky; Richard McIntosh, a Pon-

toon Beach police officer, Keith Harley, employed at the Pontoon Beach Mobile Station, and Mike Bradley Briggs, a Long Lake fireman and employed by Vesci Distributors.

Groundbreaking Sunday for new City Temple

Construction of the new City Temple Assembly of God Church will get under way following groundbreaking ceremonies at 4 p.m. Sunday at the site of the new building, 4700 Maryville Road.

The Rev. A. E. Cope, pastor of City Temple for the past 10 years, will officiate at the ceremony. The minister and congregation have invited the public to attend the special program.

The Rev. Richard Dortch, superintendent of the Illinois District of the Assemblies of God, and the Rev. Allen Randolph of San Antonio, Tex., a former City Temple pastor, will be the afternoon speakers.

Presently the pastor of Trinity Church, Interdenominational Congregation, in San Antonio, the Rev. Randolph also is instructor of pastoral counseling at the International Bible College in that city.

The Rev. Randolph left City Temple in January 1966. He also has served 10 years as associate pastor of Faith Temple in San Jose, Calif.

The former pastor also will speak at 11 a.m. services Sunday at the current City Temple Assembly of God Church, 1917 State St., and at 7 p.m. Sunday at the site of the future church, the Rev. Cope advised.

Union label week in GC

WHEREAS, the American labor movement has, throughout its history, attempted through the channels of collective bargaining with fair employers to improve and maintain good working conditions and wage standards for American workers that are superior to those anywhere in the world; and

WHEREAS, organized labor's distinctive emblems — the Union Label, Shop Card, Store Card and Service Button — are symbols of high quality, of cooperation between workers and their employers, and of the success of the American way of life; and

WHEREAS, the American Federation of Labor and Congress of Industrial Organizations and its national Union Label and Service Trades Department, which sponsors and produces UNION LABEL WEEK, have unanimously designated the period Sept. 6-12, 1976, as UNION LABEL WEEK. NOW, THEREFORE, be it known that I, Paul Schuler, Mayor of the City of Granite City, Ill., do hereby proclaim the week of Sept. 6 through 12, 1976,

UNION LABEL WEEK in the City of Granite City, and do call upon all citizens to observe this special period in honor of organized labor by displaying the Union Label, Shop Card, Store Card and Service Button, and by patronizing the products and services of union labor which are identified by these time-honored emblems.

PAUL SCHULER
Mayor, Granite City

Elected by investigators

Wayne R. Schrage, a police officer with the STUE Security Office, has been elected regional director of the International Association of Auto Theft Investigators (IAATI). The election was held in San Jose, Calif., at the 24th annual auto theft seminar sponsored by the group.

Schrage, immediate past-president of the North Central Chapter of the IAATI, was elected to the board of directors of the chapter. Nearly 200 officers from 38 states and two foreign countries participated in the seminar and business sessions.

The week-long seminar included studies in auto salvage yard operations, motorcycle identification and thefts, rental vehicle thefts, truck and trailer thefts and identification, operations of auto theft squads and why they are needed, and operational procedures of the National Auto Theft Bureau.

Representatives of major auto manufacturers attended the seminar to explain the locking systems and auto theft devices on new model vehicles. Schrage also is a member of the International Police Association, International Association of Arson Investigators, International Association of Identification and Madison County Police Association.

moving out of town?

you need our **ERA** Moving Machine

(for buying or selling a home)

Making an out-of-town move means you've got to have some place to move to... and maybe a house to sell, too. Our ERA "moving machine" can help you either way. It's really a photo-by-wire scanner capable of receiving six pictures in six minutes of currently available homes at your destination. And, if you've got a home to sell, we'll see to it that people moving here see a picture of your home. Best of all, this exclusive ERA service is FREE. Call us today.

Cord of Thanks 32

The Family of PANSY MOAD would like to thank everyone for the kindness and love shown them during her long illness and her final departure. We would especially like to thank Rev. Thompson of the Church of God of Prophecy for his great heart and wonderful kindness to Mom and all of us left behind. Drs. Jaffe and Arnold and the nurses at Barnes Hospital, Mary Cromer and all else concerned at Sedlak Funeral Home. We also would especially like to thank Congressman Melvin Price for all his assistance on behalf of Our Mother.

William and Esther Jakich
William and Betty McCunney
Len and Mary Whiteside
Jack and Myrtle Moad
Edward and Rose Marie Moad
Woodrow and Louise Moad
Daniel and Mary Ann Moad

In Loving Memory of BRUCE WYATT who passed away one year ago September 8, 1975. No one knows how much we miss you, No one knows the bitter pain we have suffered since we lost you. Life has never been the same. In our hearts your memory lingers. Sweetly, tender, fond and true, There is not a day, dear Bruce, That we do not think of you. Missed and Loved. Mom and Beth

In Loving Memory of MRS. JESSIE FLOWERS who departed this life September 6, 1970. Sadly missed by Children, Grandchildren Great-Grandchildren

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 1976

Note 1: Summary of significant accounting policies.

The provision for depreciation of property, plant and equipment is computed on the straight-line method over the following estimated useful asset lives:

Waterworks system 40 years

Furniture and equipment 10 years

Income Taxes

Income of Pontoon Beach Public Water District is not subject to Federal income taxes under Section 115 of the Internal Revenue Code.

Note 2: Segregated funds

Segregated funds were designated as follows:

Designated Balance (A) Required Balance

Operations and maintenance fund \$ 5,527 \$ 5,991

Bond and interest sinking fund 3,547 4,000

Depreciation fund 20,628 18,000

Bond and interest reserve fund 19,178 18,000

Extension and improvement fund 53,462 55,488

Bond redemption fund 19,016 20,063

Meter deposit fund 4,944 4,930

\$127,002 \$127,002

(A) It is management's consistent policy to provide funds sufficient to meet required balances in total during the fiscal year and make proper allocations to the related designated balance subsequent to year end.

Note 3: U.S. Treasury notes.

U.S. Treasury notes—4.375 per cent due

September 30, 1977 (par \$90,000)

Cost \$ 89,895

Market Value \$ 91,880

Note 4: Bonded debt

Bonded debt as of June 30, 1976 is as follows:

County of Madison, Illinois 4 1/2 per cent Pontoon

Beach Public Water District waterworks refunding revenue

Installments (\$8,000 to \$75,000) to January 1, 1989 (\$18,000 callable

at 4 per cent premium, \$75,000 currently callable, \$118,000 callable

at January 1, 1980) \$219,000

Less amounts due within one year 8,000

Due after one year \$211,000

SUPPLEMENTARY INFORMATION

SCHEDULE OF INSURANCE COVERAGE

JUNE 30, 1976

The following descriptive summary of insurance coverage at June 30, 1976 should not be relied upon as being necessarily indicative of the adequacy of coverage:

Coverage: Trustees and Treasurer bond; Insurer: Western

Surety; Amount: \$10,000; Expiration Date: February 1, 1977

Coverage: General and automobile liability; Insurer: Home

on Date: January 19, 1977.

Coverage: Workmen's compensation; Insurer: Home Insurance

Co.; Amount: Statutory; Expiration Date: January 19, 1977.

OVERAGE: Money and securities; Insurer: Home Insurance

Co.; Amount: \$1,000; Expiration Date: January 19, 1977.

SEGREGATED FUNDS REQUIREMENTS

JUNE 30, 1976

Payments to segregate funds and restrictions on their use are as follows:

Meter Deposit Fund

Funds are to offset liabilities for consumers' guaranty deposits.

Bond and Interest Sinking Fund

Monthly additions must be equal to one-twelfth of annual principal and interest payment requirements.

Depreciation Fund

A balance of not less than \$18,000 must be maintained. This is to be used for unusual or extraordinary maintenance, repairs, renewals and replacements of the waterworks.

Bond and Interest Reserve Fund

A balance of not less than \$18,000 must be maintained. This is to be used for payments of principal and interest to the extent that the sinking fund is sufficient.

Operation and Maintenance Fund

Monthly additions sufficient to pay the estimated cost of operations and maintenance during the next ensuing month.

Extension and Improvement Fund

Annual, 75 per cent of all sums remaining after meeting the aforementioned requirements are to be held and disbursed for extension and improvements of the waterworks system.

Bond Redemption Fund

Annually, 85 per cent of all sums remaining after meeting the aforementioned requirements are to be held to be used to redeem any of the waterworks bonded debt.

Comment and analysis

Sept. 9, 1976

Lock and dam replacement necessary to avoid shipping bottleneck and to maximize Tri-City Port area growth

The breakfast talk here Tuesday by Secretary of State Michael Howlett, Democratic governor nominee, dramatizes one of the key issues facing the region and nation — replacement of Alton Locks and Dam 26 with new Mississippi River facilities two miles south of the present site.

Not fundamentally a political squabble, the replacement dispute may be affected by the outcome of the November balloting.

President Gerald Ford, Republican, strongly backs the project while Democratic nominee Jimmy Carter has indicated opposition. Democrat Howlett is giving major emphasis to a new lock and dam while the Republican nominee for governor, James Thompson, has called for additional study.

Also complicating the outlook are environmental concerns, the question of railway-waterway competition and the federal deficit.

Increasing dependence on increasingly costly foreign oil

Press-Record Washington Bureau — First the good news. For the first time in history imports and exports are expected to total \$10 billion in a single month in the United States.

Now the bad news. The United States bought \$827 million more from other countries in July than they bought from us, which constitutes our worst deficit in trade for the last two years.

It is possible to become too alarmed at imbalances in trade because international commerce has many self-adjusting mechanisms.

For example, if the red ink continues to appear on U.S. ledgers too long, the value of the dollar in relation to other currencies will drop. The tendency would be for the United States to buy less abroad as foreign goods became more expensive, and American goods would become bargains in international trade.

The July figures are different, however. Fully \$527 million of the deficit represents an increase in the import of oil from the Organization of Petroleum Exporting Countries.

More than that, the United States has doubled its dependence on direct supplies of Arab oil in the first half of 1976, according to authoritative trade publications. Fully 12.4 per cent of our oil supply comes from the nations that imposed an embargo on us in 1973.

Meeting in Vienna recently, members of OPEC said that oil prices will be reviewed at the organization's next meeting Dec. 15 in Qatar.

There is little doubt about what will happen. Walter J. Levy, the influential oil economist in London, has completed a study which concludes that there will be a short-

term shortage of oil by mid-1977, accompanied by a substantial increase in price.

"The central question that will arise in the world oil economy in 1977," he adds, "will be how Saudi Arabia will respond when it becomes evident that its production ceiling needs to be raised."

Currently, Saudi Arabia produces 8.8 million barrels of oil a day. However, it can afford to produce anywhere from 3.5 to 11.8 million, which clearly puts it in the driver's seat so far as prices and needs of energy are concerned.

In retrospect, the embargo of 1973 seems almost like a dream. Few Americans probably can recall the plea from President Nixon in 1973 for a Manhattan type of crash project to assure that the policy of the United States could not be held hostage by Middle East oil producers.

More recently, in January 1975, President Ford proposed in his State of the Union message that in the event of a crisis by 1977 — the United States halt its dependence on growing oil imports.

By mid term — 1975 to 1985 — he warned the United States to be free of the fear of any embargoes. After that, he felt the United States should be able to supply the free world with energy.

Not only have we not taken the first step, we are crawling. The United States, three years after an embargo rocked the nation down to its heels, the United States is a greater oilaholic than ever and isn't even talking about taking the cure.

Comfort and convenience are taking precedence. Will Rogers was wrong when he said that the people of the United States will be the first to go to the poor house in an automobile. We'll walk.

Following the Sept. 1 announcement of federal airport site approval and allocation of funds for land acquisition, the St. Louis Metropolitan Airport Authority will begin the process of land acquisition and relocation of individuals and businesses.

The land acquisition and relocation process is subject to the provisions of the Uniform Relocation and Real Property Acquisition Policies Act of 1970. While the Authority will attempt to secure title to the properties through negotiation, condemnation may be required as a last resort.

The land acquisition and relocation programs will be administered by the Authority with the professional assistance of consulting experts using local personnel where possible.

It has been the intent of the Authority to acquire the entire site within as short a period of time as possible, perhaps one year in order to avoid escalating the land cost due to the project itself.

Federal statutes require that relocation assistance and advice must be provided by the airport sponsor. Thus, it will be necessary for the Authority to undertake a major effort in this area, especially because of the Authority's often-stated policy of "fair and equitable" during the relocation as well as the acquisition phase.

One of the major goals of the Authority is that land not required for construction and use for the airport initially will be available for farmers on a lease-back basis until required. This will reduce the urgency of relocation in some cases, but it will require a long-term, ongoing procedure.

As authorized by the

Authority at its second meeting on Oct. 28, 1970, the Manhasse, N.Y., airport engineering firm of St. Louis Airport Authority, Inc., conducted the final site selection engineering study.

This involved detailed analysis of the southern Illinois sites. This report was published in a document known as "The Confirmatory Evaluation of Three Southern Illinois Sites."

The document indicated that of all sites studied in the two-state metropolitan area, the Columbia-Waterloo site alone offered the best combination of airspace compatibility, impact on the environment, proximity to the metropolitan area and reasonable construction cost.

Based on this report, the Authority on May 5, 1971, announced selection of the Columbia-Waterloo, Ill., site for the new major air carrier airport.

As a result of the complex requirements of the Airport and Airways Development Act of 1970 and the National Environmental Policy Act of 1969, the Authority has met the need for both a highly-detailed initial Environmental Impact Study and a continuing environmental effort throughout the design and construction of the facility.

The initial efforts of the Authority in meeting the requirements of the National Environmental Policy Act were toward the development of an environmental impact study which, accepted by the secretary of Transportation, became the official impact statement of the facility.

The impact study discussed in detail the effects of the development, the description of the proposed project, the role of

the airport in the national and regional system, a description of the greater airport community, impact on the human and natural environment, adverse environmental effects, and alternatives to the proposed action.

Additionally, the relationship of short-term effects and enhancement of longer-term productivity, the irreversible and retrievable commitments of resources, and the issues raised in the review process have been examined.

Preparation of the study required detailed engineering analysis of both the specific site and the metropolitan area. Also, close coordination was required with the local, state and federal planning agencies. Eight hearings were held in order to afford the public an opportunity to be heard. The report study was a transcript of the hearing record as well as comments received from the regional council of the Columbia-Waterloo Gateway Coordinating Council.

The environmental impact study prepared by the St. Louis Metropolitan Area Airport Authority is the most comprehensive ever prepared for a site approval.

While the Authority submitted the study to the Federal Aviation Administration on Jan. 14, 1972, actions of Missouri opponents delayed the final decision until now.

The Authority was required to analyze each action proposed by Missouri to expand Lambert airport to assure that all possible alternatives and plans had been fully examined.

The Authority's application

for site approval and funding allocation requested federal approval of the Columbia-Waterloo airport site and allocation of \$4.8 million for the estimated cost of land acquisition.

The Authority's share of land acquisition has been provided and is available from the Illinois Transportation Bond program.

Under the Airport and Airways Development Act of 1970, a Master Plan for airport development is required.

This comprehensive document must be approved by the Federal Aviation Administration prior to the initiation of detailed design and construction of the facility.

The Airport and Airways Trust Fund established under provisions of the act provide for federal participation in the master planning effort through the program known as the Master Plan Grant Program.

The Authority, together with its Master Plan coordinators, Sverdrup & Parcel Associates, Inc., and Lester B. Knight and Associates, Inc., is in the final stages of completing the detailed Master Plan grant application which will be submitted to the FAA soon after site approval announcement.

In correlation with this effort, the Authority and the Master Plan coordinators assembled a team of top professional consultants to be known as the Master Plan team.

Working together, this team will develop the Master Plan which will guide the initial and subsequent development of the airport.

The Master Plan itself is a comprehensive, multidisciplinary

effort which sets the concepts and guides the development of the facility.

For example, during the Master Plan the terminal concept and runway configurations are to be determined. Specifically, the master planning services required are:

1. Application for master planning grant.
2. Inventory of existing aviation facilities.
3. Demand forecasts.
4. Demand capacity.
5. Demand analysis.
6. Facility requirements.
7. Statistical review.
8. Building and airport access.
9. Basic development alternatives.
10. Selection principal alternatives.
11. Environmental study.
12. Modification of site selection.
13. Site surveys.
14. Airport layout plan and utilities.
15. Land use plan.
16. Area and access plan.
17. Terminal area plan.
18. Development stages plan.
19. Construction costs estimates.
20. Schedules.
21. Economic feasibility.
22. Financing.
23. Public hearings.
24. Reports.

A public hearing is required on the completed Master Plan before submission to the FAA for approval.

Subsequent to federal approval, the design stage can be initiated and the revenue bond issues can be sold.

At that time, it is anticipated that the Authority will become a self-sustaining organization, no longer requiring state financial support.

Airport authority creates six years ago

A study by Systems Analysis and Design, Inc., of Washington, D.C., was released by the Missouri-St. Louis airport authority on May 16, 1972. This study, known as the "SLMAAA Study," concluded that with only minor improvements, Lambert-St. Louis International Airport would be adequate for the next 20 years.

In response to the Missouri-St. Louis request for a hearing on June 2, 1972, then Transportation Secretary John Volpe ordered that a public hearing be held on Aug. 1972. The SLMAAA announced on July 12, 1972, the selection of the Columbia-Waterloo, Ill., site for the new major air carrier airport. The Authority has since that time guided the ultimate development of the new airport.

Selected were Sverdrup & Parcel and Associates, Inc., of St. Louis and Lester B. Knight and Associates, Inc., of Chicago, together with their subsidiary, Arnold Thompson Associates, Inc.

In a surprise move contradicting their previous studies, including testimony given before the Missouri-St. Louis Airport Authority on Oct. 12, 1972 — just three weeks before a Missouri referendum on the issue of airport expansion — the consultants to the Authority announced that the Columbia-Waterloo, Ill., site would be adequate for the next 20 years.

At an estimated cost of \$370 million to \$390 million, the proposal called for addition of many of its local facilities, a new terminal complex to the existing Lambert Field. A physical expansion of 1,000 acres was envisioned.

The referendum ballot submitted to Missouri voters on Nov. 8, 1972, was worded in a way that was called both amusing and misleading. It read:

1. I favor the use of Lambert-St. Louis International Airport as long as possible and the construction of a new facility in Missouri, or

2. I favor the immediate construction of an area airport facility in the state of Illinois to serve the airline users in the greater St. Louis metropolitan area.

An evaluation report of the Lambert-St. Louis 2000 Plan was completed by the City of St. Louis Airport Authority by the consulting firm of Tippetts-Abbett-McCarthy-Stratton (TAMMS) of Arlington, Tex., and released in February 1973 confirmed that the Lambert 2000 Plan is not feasible.

The report recommended instead that interim expansion be considered in order to make Lambert sufficient until a new airport is ready.

On Feb. 3, 1973, Governor Daniel Walker formally announced that Lieutenant Governor Neil Hartigan would spearhead the effort to gain federal approval for the Illinois airport site.

James S. McDonnell, chairman of McDonnell Douglas, on June 8, 1973, warned that a substantially expanded Lambert Field could force his company to abandon many of its local facilities at a cost of 18,000 jobs.

The Missouri-St. Louis Metropolitan Airport Authority at its July 27, 1973, meeting voted unanimously to abandon the "Lambert 2000 Plan."

Then St. Louis County Supervisor Lawrence Ross stated in a presentation before the Missouri-St. Louis Metropolitan and Planning Commission April 12, 1974, that "if the proposed Lambert 2000 Plan study shows Lambert can go only to 1980 or so, and a new airport is needed, the best place is here."

Announcement was made on May 7, 1974, of a new two-state organization called Illinois-Missouri Progress for Airport Creation Taskforce (IMPACT), created to support improvement of the existing airport and build the proposed new Illinois airport.

In May 1974, Missouri Governor Christopher Bond assured officials of the Mallinckrodt Corp. of a site near Lambert to construct new corporate headquarters, since the disapproval of the Lambert 2000 Plan did not present prospects of any development and expansion that would encroach on the Mallinckrodt property.

On May 29, 1974, a \$61,369 contract for a 90-day "final update" of St. Louis area airport studies was signed in Washington between the Department of Transportation and Peat, Marwick, Mitchell & Co.

July 11, 1974, marked the signing of a \$332,158 contract for a six-month Master Plan study project that would include a significant land acquisition.

The Ralph M. Parsons Co. of Los Angeles was named to conduct the study.

The non-expansion terms were agreed to jointly by the City of

St. Louis, the state of Missouri and the federal government.

DOT Secretary Claude Bringer assured both state delegations of his desire to make a decision on the proposed new airport as soon as current studies are completed.

Preliminary aviation forecasts released on Aug. 23, 1974, by the Air Transport Association at the request of DOT contained lower figures than previous forecasts. This was followed on Aug. 27 by lower population projections for the St. Louis region by the East-West Gateway Coordinating Council.

At its monthly meeting on Sept. 1974, the East-West Gateway board of directors adopted unanimously a resolution urging Transportation Secretary Bringer to make a speedy decision on the site of the major airport for the region as soon as current studies of Lambert Field were completed.

In September 1974, the Peat, Marwick, Mitchell & Co. forecast of St. Louis aviation activity was released by the Department of Transportation.

The report forecast lower passenger trends than previous studies, but indicated a doubling of St. Louis passengers by 1980 and increasing times by 1995.

On Oct. 15, 1974, an interim Master Plan study report released by the Parsons firm showed passenger numbers at Lambert doubling by 1985 and almost quadrupling by 1995.

Current Secretary Coleman's approval last week followed a detailed hearing that he personally conducted in St. Louis in January 1976.

The FORUM

Sewer foes oppose health progress

To the Editor: You need sewers. I need sewers. We all need sewers.

To fight against the proposed installation of sewers simply because it was someone else's idea really takes a simple mind. I wish I had conceived the idea for the program; instead, it came about by the hard work of others.

However, it is progress, and to stand in the way of progress and overall community health is selfish.

The pamphlets being handed out in opposition could be better titled "Attention taxpayer: More healthful living conditions can still be defeated. It's not too late to play with the potential health hazards of septic tanks."

It's not too late to stop future development of commercial areas. It's not too late to help us

prevent a cleaner, more healthful environment in which to live. You don't really want an expanded commercial base that will lower your tax base.

The people who mainly are against the sewer program live in an area that frequently makes the paper for drainage problems.

If the sewer program is successful in this one area alone, approximately 1,600,000 gallons of water per month — based on 8,000 gallons per household — would no longer be pumped into the slough area.

The sewers would be a big step forward in helping solve the overall drainage problem. Maybe if the slough problem were to be solved, a few frustrated people would lose the great deal of attention they presently receive.

I have looked for the logic in

their arguments against sewers. Unfortunately, their arguments against sewers are not based on logic; they are based on emotionalism and an "against everything" attitude.

I would like to ask the core group opposed to sewers to stop fighting progress in the areas of better living conditions and an expanded economy.

Let's forget the politicians who are mad at, and think of, the welfare and health of all the people, not just a select few.

Sewer opponents, if you want to be "against" something, forget the sewer. Wait around, maybe in six months somebody will be trying to fund a program to clean up the air and the opponents can be against it.

FLOYD DAVID MOSS
Village President

Reports noise, smoking during films

To the Editor: It is so seldom now that parents can take children to see movies that are not close to X-rated. I did so the other evening on Tuesday when they have the dollar rate.

It was really appalling. The noise was so loud that sometimes you had difficulty hearing the movie.

But the worst part was a young teenager smoking. Now, this is prohibited by fire or-

derance. A gentleman behind me complained, and an usher was sent. Of course, the cigarette disappeared like magic.

After the movie, I complained and they said they had failed to schedule enough help. Last week, it was much better.

It just seems that with people leaving TV at home, they don't remember how to act in movies. It won't get any better

unless we parents tell our children not to run up and down the aisles and talk loudly.

The ushers should be on the alert, too. You seldom see them when you go to the movies anymore. No wonder people quit going to the movies.

It's bad enough that you have to sit through nearly X-rated previews, much less all the noise besides.
MRS. BEATRICE STENTZNER
1009 Grand Ave., Madison

Saunders—chief architect of the airport proposal

By an Act of the Seventy-sixth Illinois General Assembly, the Executive Director of the Authority and has the responsibility for the general and active direction, control and management of the affairs and business of the Authority, subject to the policy resolutions of the members and the directives of the chairman.

Prior to assuming his duties with the Authority, Saunders was the director of the Bureau of National Capital Affairs, the division of the Federal Aviation Administration which owns and operates Dulles International Airport, the Greater Cincinnati, Ohio, Airport, and Dulles.

Prior to his airport experience, Saunders was with American Airlines for 12 years. He is a past president of the American Association of Airport Executives.

In 1970, he was president of the Aero Club of Washington, City, and was named "man of the year" by the Airline Traffic Association.

In June of that year, he was in the line of duty when he captured the hijacker of a

TWA airliner at Dulles International Airport. He was presented the Federal Aviation Administration's award of valor for his actions.

Assistant to the Executive Director, J. H. Thorsen was appointed Oct. 5, 1971, and assumed his duties on Nov. 1, 1971.

He is responsible for keeping the records of the actions of the Authority and for certifying documents of the Authority, primarily in staff function, he is responsible for handling administrative duties and works closely with the direction of the executive director.

Prior to assuming his present position, Thorsen was airport manager of Bowman Field, Louisville, Ky. Additional experience was gained as administrator of the Greater Cincinnati Airport, and as assistant dean of Admissions of Ripon College.

Thorsen is a licensed commercial pilot and flight instructor. He serves on the Board of Directors of the American Association of Airport Executives.

The St. Louis Metropolitan Area Airport Authority's professional staff has many

years experience in planning, constructing and operating major hub airports.

The Authority and its consultants, including some of the nation's top firms with expertise in the many specialized aspects of aviation, investigated many potential

airport sites in the St. Louis metropolitan area and determined that the Columbia-Waterloo site was the best airport location for St. Louis, a finding confirmed by consultants for the State of Missouri and the City of St. Louis.

20¢ BURGERS AT BURGER CHEF!

During our big "Buildaburger Days!"

All beef burgers for 20¢!
It's true. During "Buildaburger Days" at Burger Chef!
You see, we figure there might be a few people who still haven't found out about Burger Chef's famous Works Bar. (That's our buffet where you can build your own burger from trays full of fresh sliced tomato, lettuce, onion, pickles and so forth...the "works".)

Just for trying!

How do we get you to try the Works Bar? We figure that all-beef hamburgers for 20¢ ought to do the job. So, for a limited time we're tempting you with our regular hamburger at this unbelievable price! (Could you put an all-beef burger on the table for 20¢?)

Free extras!

The bargain doesn't stop with the burgers. You'll also get loads of free extras! The Works Bar, for instance! Take what you want. Take all you want! Buildaburger as big as you want...for no extra charge!
And our Salad Bar... where you get to refill your salad bowl over and over again... at no extra charge! You'll even get a second cup of coffee, at no extra charge, from our friendly hostess!

Offer ends...?

The "free extras" are something you always get at Burger Chef. And they'll go on being free, even after "Buildaburger Days" end and we go back to the regular price for our regular-size burger. When will that be? October 2, 1976. So come and get 'em while we're selling 'em for 20¢. (Offer limited to 10 hamburgers per customer, please.)

You get more to like at Burger Chef.

(Offer good at all participating Burger Chef Family Restaurants in St. Louis and Metro East)

Venice Women's Club plans auction sale

Plans to hold an auction sale in October were completed by the Venice Women's Club at a meeting conducted during the weekend at the Venice Recreation Center.

After the business session games were played and prizes awarded to the winners. A dessert course was served by hostesses Medaimes Ruth Cayner, Lulla Kowalski, Evie Owens, Clara Krause, Naomi Boelling and Ora Anderson. They used "the Fisherman's Wharf of California" theme for the table decorations.

Others present were Medaimes Sybil Bobbs, Nora McCoid, Hazel Painter, Hazel Poniak, Grace Grimes, Elsie Cayner, Mamie Ponce, Ann Hartman, Bessie Snell, Madonna Groshong, Bertha Pace, Alline Patterson and a guest Miss Susan Seilheimer.

AUTHOR AND NEWSMAN. Julius Hunter, left, news anchor for KMOX-TV, St. Louis who will be at the Granite City Public Library from 11 a.m. to 12:30 p.m. Saturday to autograph copies of his new childrens book, entitled "Absurd Alphabettime Stories" in the children's department of the local facility. Ron Gomez, on right, a St. Louis designer is shown displaying a copy of the book. Quad-City children and their parents are invited to visit the library and talk with the author, according to Susan Rardin, children's librarian.

State check processing is speeded

Secretary of State Michael J. Howlett is making more money available each day for use by the state of Illinois and he's saving the state additional funds in the process, a spokesman asserted this week. Because of an improved check processing system, his office is capable of depositing checks with the state treasurer within 24 hours of receipt, in previous years, there was often a five-day to six-day backlog of checks waiting to be validated and sent for deposit, it was related.

"These previously unavoidable backlogs resulted in slower service to the taxpayers," Howlett said, "and in a potential loss in revenue to the state." During peak times, such as the current license plate renewal period, the secretary of state's office deposits 55,000 checks each day. This can mean that an additional million dollars is available to the state on any given working day, the spokesman estimated.

"Not only can more money be deposited more quickly, the state can now earn additional interest on these speedy deposits, it was noted.

"By depositing this money sooner, the state will gain additional time to earn over five per cent in interest on its deposit," Howlett said. "I am happy to report that this office has found yet another way to provide the state government with additional funds."

The office deposits an average of 5.2 million checks each year. With the updated system, the office now combines several check validation steps into one process, including an encoding function previously performed at the bank of deposit.

By performing this service "in-house," it is possible for the state to save a 3-cent to 3½-cent service charge on each check deposited, offering a potential saving of \$156,000 to \$182,000 per year.

"By saving a few pennies on each check," Howlett said, "we can save almost \$200,000 in Illinois tax dollars."

The improved system is not only capable of working twice as fast as its predecessor, it is being operated with less personnel. The number of employees needed to operate the new system has been reduced by 10, resulting in an additional

\$72,000 saving.

"Once again, this office has been able to provide faster, more efficient service with fewer employees and less dollars."

"That has been our consistent goal and I think we've accomplished that goal in most cases."

TREATED AT HOSPITAL

Miss Ronda Hall, 19, of 1128 Twenty-second St., had x-rays taken at St. Elizabeth Hospital this week following an auto accident occurring two hours earlier. She was treated and released.
